Dont Blame God A Biblical Answer To The Problem Of Evil Sin And Suffering:

Don't Blame God! Mark H. Graeser, John A. Lynn, John W. Schoenheit, 2007-08 This book addresses what is probably the number one question most people have about God If He is a loving God why is there such rampant human suffering This book shows biblically that God is not at all to blame that the cause of all suffering is sin and it shows whose sin It shows why Jesus Christ is the fulcrum of history in this regard and resolves the seemingly apparent contradiction between the nature of the Old Testament God and that of the New Testament God which of course are the same changeless God The book exposes the myth that God is totally in control of all that happens which would make Him responsible for it and shows that He and His Son Jesus Christ are doing all they can to intervene in the realm of Satan s authority and help us A chapter on faith shows what faith is and how it helps us to access the power of God The book shows how God does test us for our benefit though never by tragedy or affliction It explains what the chastening of God is and why it has nothing to do with anything like punishing us The redemptive value of the proper response to suffering is also discussed Letting God speak for Himself and seeing the truth of His Word about the subject of evil sin and suffering will help you grow immensely in love for God and His Son in faith for their promises and in hope of the final victory that is ours enabling you to live with joy and peace even in a war zone

Is God to Blame? Gregory A. Boyd, 2003-09-09 Wrestling with the question Is God to blame Gregory A Boyd offers a hopeful picture of a sovereign God who is relentlessly opposed to evil who knows our sufferings and who can be trusted to bring us through them to renewed life

God, Jesus, and Other Foolishness Jeffrey A. Kramer, 2022-09-13 In our post Christian society many skeptics atheists and agnostics assume that the Christian faith involves belief in spite of a lack of evidence and that Christianity encourages its adherents to be satisfied with not understanding the world This is untrue Christianity has a legacy of thought and logic and a convincing case can be made that modern science and Western culture could only have sprung from the Judeo Christian worldview Although questions of origins purpose and meaning are not easily proved true in a scientific or empirical sense things can be true without empirical proof It does not follow that religion is untrue or that religious belief is for the credulous and the gullible Many of the presuppositions underlying any worldview cannot be proven empirically and acceptance of many of the truth claims of atheism and postmodernism requires just as much faith as acceptance of the fundamentals of Christianity This book is an attempt to demonstrate that biblical Christianity is true in the sense that it is a logical interpretation of reality and our lived experience and that the implications of Christian faith make more rational sense than a rejection of that faith
