Glennie,Courtney Savie Lawrence,2022-04-20 Innovation offers potential to cure diseases to better connect people and to make the way we live and work more efficient and enjoyable At the same time innovation can fuel inequality decimate livelihoods and harm mental health This book contends that inclusive innovation innovation motivated by environmental and social aims is able to uplift the benefits of innovation while reducing its harms The book provides accessible engagement with inclusive innovation happening at the grassroots level through to policy arenas with a focus on the South East Asian region Focusing on fundamental questions underpinning innovation in terms of how what and where it argues that inclusive innovation has social processes and low tech solutions as essential means of driving innovation and that environmental

concerns must be considered alongside societal aims The book's understanding of inclusive innovation posits that marginalized or underrepresented innovators are empowered to include themselves by solving a problem that they are experiencing The first in depth exploration of efforts underway to assuage inequality from policy private sector and grassroots perspectives this book will interest researchers in the areas of innovation studies political economy and development studies Chapters 1 and 5 of this book are available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
