Dogon Mali:

Singing with the Dogon Prophet Walter E.A. van Beek, Oumarou S. Ongoiba, Atimè D. Saye, 2022-04-25 In the Dogon funeral proceedings a major song cycle called *baja ni* is performed in a session of at least seven hours The texts of the chants are attributed to a legendary figure called Abir who as a blind singer in the nineteenth century roamed the heartland of the Dogon The *baja ni* songs have escaped scholarly attention thus far Singing with the Dogon Prophet by Walter E A van Beek Oumarou S Ongoiba and Atim D Saye provides their first publication in English as well as an analysis of these songs These texts deal with the relations between man and woman man's ambivalent dependency on the otherworld and with life and death the whole night performance is one of the high points of the funeral Additionally Abir is a prophet and during his life has uttered a great number of prophecies on a wide range of topics from local issues to the relation of the Dogon with the Fulbe herdsmen and from the arrival of the colonials to ecological transformation This book examines how these prophecies with these songs offer an inside view of the way the Dogon construct the present in a continuous dialogue with their past and their projected future
