Redemption from Addiction Gerard Jerry Egan, 2011-12-27 There are awesome and powerful creative forces that can be fully tapped that will absolutely unleash our dreams and hopes transforming them into a desired reality or these very same forces will send us into the

deepest darkest Hell we have ever known If a person fails to understand that they have a huge responsibility to take full possession and control of this great creative power then that failure to take this responsibility will always lead to these forces taking control of the person in an undesirable destructive and potentially deadly manner In other words opportunities and temptations to use drugs or alcohol will present themselves as a direct result of failing to take control of these forces or misusing their power All addictions are a manifestation caused by the poor or improper use of these forces and powers The very Powers that govern the ability for anyone to accomplish anything in their lives for their good are the very same powers that can and will undermine and destroy those efforts This book will give you the essential Eleven Powers and Eleven Arts that will enable you to change your life The use of these Powers and Arts will enable you to take full control of not only your addiction but provide endless opportunities to create and design an entire new Destiny Addicts and alcoholics have inadvertently mastered the principles of success and use those very same concepts to assure their own failure and destruction By forcing yourself to do what you dont want to do enables you to gain hold of and grasp these powerful forces and turn them in the direction of success instead of failure Teach yourself and learn to direct the awesome creative forces within you and learn to turn your Possibilities into Probabilities *Comprehending Care* Tove Pettersen,2008-03-11

American psychologist Carol Gilligan holds that dominant ethical theories with their strong emphasis on rights and justice fail to see how care is an indispensable part of moral life This failure weakens their credibility as adequate universal ethical theories In *Comprehending Care* Tove Pettersen investigates whether an ethics of care really does give voice to a normative perspective that traditional moral theory has disregarded More specifically she considers whether Carol Gilligan s own theoretical contribution is an ethical theory of care and if it is likely to contribute to such a revised understanding Pettersen argues that central elements in a consistent and justifiable ethics of care theory can in fact be extracted from her works and is an ethics that to some extent challenges traditional ethical theories by revealing some of their ontological and epistemological inadequacies such as tacit assumptions unforeseen disturbing implications and deficient moral categories Within Gilligan s theoretical stance Pettersen finds suggestions for necessary revisions to remedy the flawed or deficient understanding generated by traditional ethical theory She argues however that Gilligan exaggerates her general critique of Western moral philosophy and specifically of the justice tradition and she exposes how Gilligan s portrayal of this tradition is misguided in places arguing that accommodating the concerns of justice is a central challenge yet to be met for an ethics of care *Do the Right Thing* Spike Lee,Lisa Jones,1989

The phenomenon of Spike Lee continues with this revealing and engaging look at his outstanding career his creative process and the screenplay for his dynamic movie *Do The Right Thing* Spike Lee burst full formed into the screen world with his award winning commercially successful independent film *She s Gotta Have It* In the few short years following this stellar debut he has established himself as a force to be reckoned with in the film industry and in American popular culture This book reveals Spike Lee as a Hollywood iconoclast and gifted visionary

and takes us through the dramatic sequence of events that brought the movie *Do The Right Thing* to fruition. It is a testimonial to his developing genius written in the stinging and informed language of Spike Lee. **Lord, What Do You Want**

Me to Do? Paul Kacsur, 2019-05-09 Have you ever asked Lord what do you want me to do? This question could come during times of stress or hardship but it could also be simply our desire to do what He wants us to do. This book is a guide for a variety of situations or circumstances where we need divine guidance. All we have to do is ask Him for it. One thing is certain: none of us wants to come to the end of our life and realize we lived without ever sincerely asking the Lord what He wanted us to do. Blessed is the man or woman who can say on their deathbed: Lord, I did what you wanted me to do. This will not happen unless we make it happen. Obedience to the Lord's commands often slips by without us asking: Am I doing what the Lord wants me to do? Is there anything more important than this? I don't think so. Open your heart for what the Lord wants for you. Thou wilt keep him in perfect peace whose mind is stayed on Thee because he trusts in Thee. Isaiah 26:3 **You Can't Go**

Wrong Doing Right Robert J. Brown, 2019-01-15 An unforgettable account of a quietly remarkable life. Robert Brown's memoir takes readers behind the scenes of pivotal moments from the 20th century where the lessons he learned at his grandmother's knee helped him shape America as we know it today. Called a world-class power broker by the *Washington Post*, Robert Brown has been a sought-after counselor for an impressive array of the famous and powerful, including every American president since John F. Kennedy. But as a child born into poverty in the 1930s, Robert was raised by his grandmother to think differently about success. For example, the best way to influence others is to be helpful, she told him. And you can't go wrong by doing right. Fueled by these lessons on humble, principled service, Brown went on to play a pivotal, mostly unseen role alongside the great and the powerful of our time: trailing the mob in 1950s Harlem with a young Robert F. Kennedy; helping the white corporate leadership at Woolworth integrate their lunch counters; channeling money from American businesses to the Civil Rights movement; accompanying Coretta Scott King at her request to Memphis the day after her husband had been shot; advising Richard Nixon on how to support black entrepreneurship; becoming the only person allowed to visit Nelson Mandela in Pollsmoor prison in Cape Town. Full of unbelievable moments and reminders that the path to influence runs through a life of generosity, *YOU CAN'T GO WRONG DOING RIGHT* blends a heartwarming, historically fascinating account with memorable lessons that will speak to the dreamer in all of us. *The Last Bachelor of Ales* Peter T.

Elliott, 2019-11-25 Everyone likes a routine or at least the familiarity of one, and Jason is no exception. He and his friends have been frequenting the same pub on the same night ever since college. Unfortunately, life has a way of getting in the way of such traditions, what with careers, weddings, kids. Then one night it happens: Jason finds himself sitting alone at the group's table, wondering just what the hell happened. Luckily, he doesn't have to wonder alone for long. Another regular fixture at the pub soon introduces himself, and in the first of many philosophical conversations, the two of them spend the evening contemplating the meaning of existence. And it couldn't come at a better time: Jason's life is about to get turned upside down.
