

The image shows the front of a rectangular box for the 'Animal' fragrance by Dolce & Gabbana. The box is covered in a dense, repeating pattern of leopard spots in shades of tan, brown, and black. Overlaid on this pattern are large, bold, black wavy lines that create a sense of movement and depth. Two white rectangular labels are positioned on the box: one near the top center and another near the bottom center.

*Who's who in Italy*, 2000      **Contemporary Fashion** Taryn Benbow-Pfalzgraf, 2002 A reference book covering individual designers and fashion houses that have been active throughout the 20th and 21st centuries Informative essays mirror the many facets of the fashion world      **Un secolo di moda italiana, 1900-2000** Sofia Gnoli, 2005      **Dolce & Gabbana**, 1997      **Fashion Today** Colin McDowell, 2000-01-09 Fashion Today is a kaleidoscopic colorful and provocative survey of the fashion world from the introduction of Dior's New Look in 1947 to the present day The book is a thematic overview of fashion in its widest sense imaginable ranging from haute couture to street style from the one off to the mass market to the pret a porter It illustrates with elegance and flair just how vital and everlasting a part fashion has played in reflecting and influencing twentieth century attitudes from the sexual revolution and rise of popular culture in the 1960s to the consumerism of the 1980s and 1990s Fashion Today places current fashion not only in the contexts of youth sexuality fetishism exoticism and historicism but also in the contexts of previous fashion movements it demonstrates dynamically that fashion reflects not only its surroundings and its subjects but ultimately itself Aesthetically and intellectually stimulating this volume is a must have for anyone who has even the vaguest interest in any aspect of the fashion world today Its breadth of scope and depth of insight are unprecedented      In the company of wolves Sam George, Bill Hughes, 2020-02-05 This volume of essays presents innovative research from a variety of perspectives on the cultural significance of wolves children raised by wolves and werewolves as portrayed in different media and genres      **Out**, 1999-08 Out is a fashion style celebrity and opinion magazine for the modern gay man      **Travel & Leisure**, 2005      *Elle*, 2007      **STARS DE LA MODE** Guy Deloeuvre, V tements parfums accessoires on aime la mode Mais mettons le nez dans l histoire de quelques un de leurs createurs      **Dolce & Gabbana** Franca Sozzani, 1998 Since the opening of their studio in 1982 the partnership of Domenico Dolce and Stefano Gabbana has come to symbolize the new generation of Italian design Appropriating elements of Italian culture and traditional Sicilian literature Dolce Gabbana has invented a mode of expression that is strong sensual and modern and accordingly is represented by three powerful contemporary icons Isabella Rossellini Linda Evangelista and Madonna Recognized today among the great names in fashion Dolce Gabbana offers a style that truly incarnates la dolce vita at the end of this century      Halfway Down an African Moon Michael McKeown, 2013-05-02 Half Way Down an African Moon is a distillation of journeys made in sub Saharan Africa between 1972 and 2005 During these journeys I came to know an older Africa of ancient story telling wisdoms and simple courtesies living on unchanged beside the almost seismic political and social changes that marked the post Independence era It took me many years to realise this and with it the futility of trying to understand Africa through Western ideas and ideology The views for example of a Lagos market woman fashioned by a cosmology of tribal deities and ancestral spirits are a world away from our own beliefs and creation myth whatever the missionaries may think One of the two aims of this book is to transmit something of all this along with the good humour

tolerance and resilience of the people I encountered to the reader The second aim is to highlight the destruction of wildlife and its habitat that is transforming whole regions almost beyond recognition and pushing many species to the brink of extinction How much some may ask does all this matter Will our world be any worse off if the mountain gorilla the white ruffed lemur or the black rhino fade into extinction I happen to believe it would and suspect that a great many people would feel so too For the natural world is something that affects us all Today in Europe and the United States more people visit national parks and zoos than attend all kinds of sporting events in a single year What is it then about wild animals and wild places that attract people in such numbers The answer is that we are reminded however tenuously of something deep and ancient within ourselves and which we yearn to communicate with Quite simply we need the wild which is why I believe this book is of relevance not only to readers who have visited Africa or plan to do so but for the millions of people increasingly concerned by the mounting destruction of all that is beautiful wild and free
