Dollars Sense A Moms Guide To Money Matters:

Money Matters Robinson Iglesias, 2005-09-01 There is an old adage that says Give a man a fish and he will have enough food for one night Teach a man how to fish and he will have food forever Money Matters is the equivalent of the latter The stories and concepts in Money Matters are all real and will allow you to put your life in prospective Even if you feel defeated it is not too late to turn your life around and achieve the economic and social success that you long for Today America is no longer divided by race The lines that divide us are economic lines and the only thing that matters is smarts money desire and opportunity With the right mentality and the proper resources much can be achieved However life is full of surprises and the best way to prepare is to always have resources available This book is current and insightful Anyone inspiring or seeking to better his or her financial and social life should read it
