Donnes Idea Of A Woman Structure And Meaning In The Anniversaries:

Skepticism and Memory in Shakespeare and Donne A. Sherman, 2016-04-30 This book fills a lacuna in the intellectual history of the seventeenth century by investigating the role that skepticism plays in the declining prestige of memory It argues that Shakespeare and Donne revolutionize the art of memory thanks to their skepticism and thereby transform literary strategies like mimesis exemplarity and pastoral

Ideology and Desire in Renaissance Poetry Ronald Corthell, 1997 Each chapter explores the interrelationships of representation identification and desire while the book as a whole gradually shifts in emphasis from new historicist concerns with representation and the social realm toward psychoanalytic themes of identification desire and inwardness

Digressive Voices in Early Modern English Literature Anne Cotterill, 2004-02-19 Digressive Voices in Early Modern English Literature looks afresh at major nondramatic texts by Donne Marvell Browne Milton and Dryden whose digressive speakers are haunted by personal and public uncertainty To digress in seventeenth century England carried a range of meaning associated with deviation or departure from a course subject or standard This book demonstrates that early modern writers trained in verbal contest developed richly labyrinthine voices that captured the ambiguities of political occasion and aristocratic patronage while anatomizing enemies and mourning personal loss Anne Cotterill turns current sensitivity toward the silenced voice to argue that rhetorical amplitude might suggest anxieties about speech and attack for men forced to be competitive yet circumspect as they made their voices heard

Ashgate Critical Essays on Women Writers in England, 1550-1700 Micheline White, 2017-05-15 Anne Lock Isabella Whitney and Aemilia Lanyer have emerged as important literary figures in the past ten years and scholars have increasingly realized that their bold and often unorthodox works challenge previously held conceptions about women's engagement with early modern secular and religious literary culture This volume collects some of the most influential and innovative essays that elucidate these women's works from a wide range of feminist literary aesthetic economic racial sexual and theological perspectives The volume is prefaced by an extended editorial overview of scholarship in the field

Light and Death Judith H. Anderson, 2017-01-02 Light figures being darkness death Bridging mathematical science semantics rhetoric grammar and major poems Judith H Anderson seeks to negotiate writings from multiple disciplines in the shared terms of poesis and figuration rather than as cultural opposites Analogy a type of metaphor has always been the connector of the known to the unknown the sensible to the infinite Anderson's study moves from the figuration of light and death to the history of analogy and its pertinence to light in physics and metaphysics from Kepler to Donne Spenser and Milton Topics proliferate creativity optics the relation of literature to science the methodology of thought and argument and the processes of narrative discovery and interpretation

Donne's Idea of a Woman Edward W. Taylor, 1991-10-14 Donne's Idea of a Woman

John Donne Journal, 2010

Critical Essays on John Donne Arthur F. Marotti, 1994 The series provides a variety of approaches to both classical and contemporary writers of Britain and Ireland This volume contains both newly commissioned and reprinted

material Marotti's introduction briefly summarizes the history of Donne's inauguration into the modernist canon following Grierson's 1921 edition of *Metaphysical Lyrics and Poems of the Seventeenth Century*. The seven selected essays all published since 1977 include a new treatment written especially for this volume by Ronald Corthell. Together the essays explore a variety of contemporary critical stances to Donne's work. Essays on Renaissance Literature: Donne and the new philosophy William Empson, 1995. **The Ben Jonson Journal**, 1998. Literature and Belief, 1999. *The Encyclopedia Americana*, 1999. A thirty volume encyclopedia covering important world events while providing major new treatments of selected topics in various academic fields. **Renaissance Et Réforme**, 2018. Parergon, 1997. Reading the Renaissance Marc Berley, 2003. A timely and compelling answer to a decades long attack on literature by various schools of critical theory. A collection of new and provocative essays by prominent scholars it speaks eloquently to the enduring value of Renaissance literature and literary study. *Reading the Renaissance* makes a powerful corrective statement about the direction in which Renaissance literary studies should go in the wake of critical theory. Unabashed in detailing wrong turns made by critical theory in recent years this book will doubtless make waves. But it will be most appreciated for its own considerable accomplishments. The essays here are exemplary signs of how rich joyous and indeed critical engagement with the Renaissance can be in the 21st century. **The Oxford Encyclopedia of British Literature** David Scott Kastan, 2006. Volume 4 Modernism Percy Bysshe Shelley. **Cithara**, 1994. **The Cambridge Companion to John Donne** Achsah Guibbory, 2006-02-02. The Cambridge Companion to John Donne introduces students undergraduate and graduate to the range brilliance and complexity of John Donne. Sixteen essays written by an international array of leading scholars and critics cover Donne's poetry erotic satirical devotional and his prose including his Sermons and occasional letters. Providing readings of his texts and also fully situating them in the historical and cultural context of early modern England these essays offer the most up to date scholarship and introduce students to the current thinking and debates about Donne while providing tools for students to read Donne with greater understanding and enjoyment. Special features include a chronology a short biography essays on political and religious contexts an essay on the experience of reading his lyrics a meditation on Donne by the contemporary novelist A S Byatt and an extensive bibliography of editions and criticism. *Encyclopedia Americana: Desert to Egret*, 2006. **The Encyclopedia Americana: Desert-Egret**, 2001.
