Ranjneesh: the Mystic of Feeling , **Twice Born** Premartha, Svarup, 2009 Svarup and Premartha are lovers friends and partners They have been working together in the field of spiritual therapy for many years This book is the outcome of their experience In it you will find a beautiful combination of therapy and meditation of love and awareness Twice Born offers a synthesis of the Western and Eastern approaches toward Childhood Deconditioning It addresses the unresolved issues of our early childhood that play an important part in the way we feel behave and relate today It also supports our rediscovery of the qualities of being presence and individuality which we were born with so we can take them with us into a second birth towards our Buddha nature The book leads us through a fascinating journey through time from before we entered school all the way back to the moment before conception Each chapter addresses a different developmental stage of childhood It describes the wounds that can happen at each stage and the many ways in which they can be healed It also reveals the natural essences that are part of that specific period It is a book that receives its inspiration from the rich meditative energy field of a Master It teaches us how to work on our issues joyfully bringing compassion towards them Each chapter is divided in three segments An explaining and understanding section An evoking section in which the authors share their experience in healing their inner child An experimenting section The golden thread throughout this healing journey is a meditative awareness which will help us in healing the past and creating a new future **India My Love** Osho, 2002-01-23 India is not just a geography or history It is not only a nation a country a mere piece of land It is something more it is a metaphor poetry something invisible but very tangible It is vibrating with certain energy fields that no other country can claim For almost ten thousand years thousands of people have reached to the ultimate explosion of consciousness Their vibration is still alive their impact is in the very air you just need a certain perceptivity a certain capacity to receive the invisible that surrounds this strange land It is strange because it has renounced everything for a single search the search for the truth In these pages we are treated to a spellbinding vision of what Osho calls the real India the India that has given birth to enlightened mystics and master musicians to the inspired poetry of the Upanishads and the breathtaking architecture of the Taj Mahal We travel through the landscape of India s golden past with Alexander the Great and meet the strange people he met along the way We are given a front row seat in the proceedings of the legendary court of the Moghul Emperor Akbar and an insider s view of the assemblies of Gautama the Buddha and his disciples In the process we discover just what it is about India that has made it a magnet for seekers for centuries and the importance of India s unique contribution to our human search for truth *The Rajneesh Papers* Susan J. Palmer, Arvind Sharma, 1993-01-01 Contributed articles **The Supreme Doctrine** H. Benoit, 2013-08-21 With an Introduction by Aldous Huxley In its Eastern aspects Chinese Hindu and Japanese Zen Buddhism has proved a puzzle although a stimulating one to the Western mind Himself a Westerner Dr Benoit has approached it through an occidental manner of thinking For the first time Dr Benoit presents the traditional doctrine of Zen Buddhism in a

language that is understandable to the Western world says one of his Indian admirers Swami Siddheswarananda The author does not advocate a conversion to Eastern religion and philosophy Rather he would have Western psychological thinking and reasoning meet with oriental wisdom on an intellectual plane in order to make it participate in the oriental understanding of the state of man in general I do not need to burn the Gospels in order to read Hui neng says Dr Benoit Zen to be quite exact is not so much a doctrine as a hygiene of intelligent living As such it is presented by the author a practicing psychoanalyst It is a way of breaking the deadlock into which the faulty functioning of our civilization has led us of liberating us from the prevalent contemporary sickness anxiety This book provides the elements for reaching satori that modification of the internal functioning of man which can be described as a state of unassailable serenity This state Dr Benoit makes clear is he truly normal one How to develop intelligence and will so that this transformation of life can be achieved is the subject of this book
