American Pinocchios Alan R. Bialeck LLC,2015-05-08 It is commonly alleged that politicians misrepresent events for their own gain but very few if any critics can produce facts to support their allegations Have Democrats knowingly misrepresented George W Bush s involvement in stealing an election getting us into the Iraq War and causing the 2008 financial crisis An analyst separates fact from fiction For example the Financial Crisis Commission Report which purports to explain the cause of the 2008 financial crisis with detailed facts fails to support its own conclusions The author therefore challenges readers to carefully parse through the facts within to reach their own conclusions To rely on any third party to interpret events is a surrender of political independence and intellectual freedoms The author intends to donate 50 percent of the net profits from the sale of this book to the Wounded Warrior Project [www WoundedWarriorProject org](http://www.WoundedWarriorProject.org) **Show Music on Record** Jack Raymond,1998 A comprehensive list of original cast and studio cast performances issued on commercial phonograph records covering music of the American stage screen and television with composer performances and other selected collateral recordings Song of the Season Thomas Hischak,2024-03-21 What links the popular songs You ll Never Walk Alone Send in the Clowns Memory and I Am What I Am They all originated in Broadway musicals Song of the Season is for those who believe that the score is at the heart of a musical and is the essential building block on which the rest of a show is built Through a systematic historical survey from 1891 to 2023 it argues that the best musicals survive because of their songs from early 20th century classics such as Show Boat and Oklahoma through to the contemporary sound of Dear Evan Hansen and Hamilton looking at outstanding songs from each Broadway season the development and history of the musical is illustrated with a fresh perspective As song styles and popular music tastes changed throughout the decades this structure charts the progress of American showtunes alongside popular music forms as songs evolved from the waltz and ragtime to jazz rock rap and hip hop Factual analysis and historical context combine to offer a rich picture of the American songbook from Irving Berlin to Elton John Song of the Season paints a fresh picture for musical theatre students and fans alike illustrating significant changes in the form through the music Analyzed in an accessible and engaging way that doesn t rely on music theory knowledge and including a link to playlist where all the songs of the seasons can be listened to it is a must have for those looking to expand their knowledge of the form and trace the social history of the American showtune
