Pennebaker Keith Beattie, 2011-09-28 This book presents the career and works of D A Pennebaker one of the pioneers of direct cinema a documentary form that emphasizes observation and a straightforward portrayal of events The author examines the ways in which Pennebaker s presentation of unscripted everyday performances is informed by connections between documentary filmmaking and other experimental movements such as the New American Cinema He also includes a recent interview with the director and a full filmography

Mockumentary Comedy Richard Wallace, 2018-07-13 This book is the first to take comedy seriously as an important aspect of the popular mockumentary form of film and television fiction It examines the ways in which mockumentary films and television programmes make visible through comedy the performances that underpin straight documentaries and many of our public figures Mockumentary Comedy focuses on the rock star and the politician two figures that regularly feature as mockumentary subjects These public figures are explored through detailed textual analyses of a range of film and television comedies including A Hard Day s Night This is Spinal Tap The Thick of It Veep and the works of Christopher Guest and Alison Jackson This book broadens the scope of existing mockumentary scholarship by taking comedy seriously in a sustained way for the first time It ultimately argues that the comedic performances by performers and of documentary conventions are central to the form s critical significance and popular appeal
