New Content Calendar Template Guide For Teens:

Antimicrobial resistance toolkit for youth engagement Food and Agriculture Organization of the United Nations, UNEP United Nations Environment Programme, World Organisation for Animal Health, World Health Organization, 2024-10-22

Antimicrobial resistance AMR is a pressing global concern that requires attention and creative solutions Young people today will face the consequences of inaction and increased risks of AMR The Quadripartite which consists of the Food and Agriculture Organization of the United Nations FAO the United Nations Environment Programme UNEP the World Health Organization WHO and the World Organisation for Animal Health WOA strongly believes that young people can play an important role in bringing together wider society and stakeholder groups to tackle AMR Young people as agents of change can raise awareness about AMR and advocate for local and global solutions Youth were also identified as one of four priority target audiences during two global consultations on raising awareness about AMR organized in 2022 by the Quadripartite In response the Quadripartite has developed this practical toolkit for engaging youth in AMR based on consultations with young people themselves The aim of this practical toolkit is to equip youth led networks and youth serving organizations with resources to engage young people in AMR communication education and campaigns for awareness raising advocacy and behaviour change The practical toolkit consists of 11 tools a resource pack and case studies of good practices of youth engagement in the AMR response

Working Adolescents: Rethinking Education For and On the Job Mary Ann Maslak, 2022-03-12 This book offers a new approach to workforce education for youth It provides meaningful and essential insight into educational systems and practices through cases of vocational and technical education in the People's Republic of China the Republic of Italy and the United States of America The cases describe the history of the multi-faceted vocational systems and provide in doing so a springboard for this new work A conceptual framework comprised of the cognitive psychological and social building blocks of individual development explains the multifaceted dimensions of youth that contribute to the policies and practices of traditional adolescent educational models The framework extends that base by drawing on a multidisciplinary collection of research from both sociology and business to create a new transdisciplinary model for educational practice It highlights the important but often under-studied relationship between educational institutions and workplaces The book culminates in an original model Community Works which advances both formal and non-formal educational programming and curricula The model details a practical program for youth including roles and responsibilities of all stakeholders and a curricular map information on lesson planning varieties of instructional strategies and tools for assessment and evaluation for professionals
