provides enormous amounts of information prompts grievance redressal system and further complements the client's preference. The opportunities online marketing offers with the blend of artificial intelligence tools like chatbots, recommenders, virtual assistance, and interactive voice recognition create improved brand awareness, better customer relationship marketing, and personalized product modification. Explainable AI provides the subsequent arena of human-machine collaboration which will complement and support marketers and people so that they can make better, faster, and more accurate decisions. According to PwC's report on Explainable AI, XAI AI will have 15.7 trillion of opportunity by 2030. However, as AI tools become more advanced, more computations are done in a black box that humans can hardly comprehend. But the rise of AI in business for actionable insights also poses the following questions: How can marketers know and trust the reasoning behind why an AI system is making recommendations for action? What are the root causes and steering factors? Thus, transparency, trust, and a good understanding of expected business outcomes are increasingly demanded.

[The Eternal E-Customer: How Emotionally Intelligent Interfaces Can Create Long-Lasting Customer Relationship](#) Bryan Bergeron, 2000-11-17. The Eternal E Customer focuses on getting ebusinesses to the next level of customer loyalty. In the competitive world of e-commerce, the winners know that the key to success is customer appreciation and retention. Emotionally Intelligent Interfaces (EII) are driven by data from previous customer interactions, explicit customer preferences, and based on customer profiles. EIIs build trust and customer loyalty by offering shoppers the intimacy and individual attention they expect from the corner store. In this groundbreaking book, Harvard professor Bryan Bergeron provides a roadmap to get readers up to speed on all crucial business and technology aspects of EIIs and explains how to create the information infrastructure needed to support EIIs tailored to their businesses. Focuses on achievable results using current technology. Includes a companion Web site with links to examples of state-of-the-art EII technologies. Foreword by Ray Kurzweil, author of *The Age of Spiritual Machines*.
