A High School English Teacher's Guide to Writing Memoir Coley Conter, Mary Ehrenworth, Lauren Gould, 2025-12-31 A High School English Teacher's Guide to Writing Memoir is more than a set of writing lessons it's a call to see your students and help them see themselves through the power of story With more than forty flexible lessons and a robust suite of downloadable charts tools mentor texts and AI recommendations this guide helps you teach memoir as courageous storytelling and self discovery Students will write honestly revise bravely and publish in formats that matter to them from anthologies to picture books to multimodal memoirs Grounded in research and practical classroom strategies this guidebook walks teachers through each stage of memoir writing from generating story ideas and experimenting with structure to revising with intention and experimenting with conventions Along the way it centers mentor text inquiry writing partnerships and author's craft It also embraces new technologies including AI as part of the writing process so your students will emerge confident and adept as digital writers Whether your students are excavating memories wrestling with identity or discovering their voice for the first time this guide helps them transform raw moments into powerful memoirs And for you the teacher it brings a new kind of classroom intimacy a deepened community and the reminder that storytelling is the heart of being known Let memoir become a source of meaning connection and growth for every writer in your room

Leveraging AI for Human-Centered Learning Marlee S. Bunch, Brittany R. Collins, 2025-07-22 Leveraging AI for Human Centered Learning provides intentional approaches to the integration of artificial intelligence tools into middle and high school classrooms specifically to foster equity and social emotional wellbeing The overlap of AI with today's schools poses pivotal questions about ethics morality inclusion and human learning at a time when students are already reckoning with public health crises systemic injustice and other connected challenges This book helps teachers examine the pros and cons of artificial intelligence as used by both educators and students as well as its implications for meaningful culturally responsive teaching and social emotional learning efforts Featuring activities lesson plans and discussion and writing prompts for use with adolescent learners each chapter offers concrete pedagogical approaches and instructional innovations that align technological changes with learning objectives in ways that advance rather than replace or neutralize attention to equity and wellbeing

AI in Social Studies Education Christopher H. Clark, Cathryn van Kessel, 2025 The introduction of widely available generative AI tools has caused a frenzy of both positive and negative reactions Between utopian visions and apocalyptic predictions of AI's impact on education there is a need to thoughtfully consider what education in the age of AI can and should look like This volume focuses on the implications of AI technology for teachers in K 12 and university settings providing a careful look at its affordances and drawbacks for social studies curriculum and teaching Scholars specializing in the field of social studies education provide information and practical ideas for teaching with current technology alongside frameworks for thinking about future iterations of AI This book fills a critical need especially among educators to consider

the current and potential future impacts of AI while avoiding the traps of alarmism or techno utopianism Whether skeptical or enthusiastic about AI every social studies educator will find something useful to their practice in this book Book Features First ever compilation of AI considerations and strategies in the context of social studies education Nontechnical explanations of what AI can do and not do in practical educational contexts to enable educators to approach its use with careful judgment Advice for educators to help them assess future iterations of AI technology Critical considerations of AI across multiple contexts e g ethics equity multilingual learners cybersecurity Work from leaders in technology and social studies education across Canada and the United States Contributors Erin C Adams Curby Alexander Elizabeth Barrow Daphanie Bibbs Ariel Cornett Matthew Cress Kevin Donley Leslie Smith Duss Lindsay Gibson Thomas C Hammond Marie Heath Dawnavyn James Patrick Kane Dan Krutka Liran Ma Tim Monreal Rachel Moylan Julie Oltman Zilong Pan Michelle Reidel Elizabeth C Reynolds Tina C Soliday Vi Trinh Bretton A Varga
