5-Gen Leadership Mark White, 2021-09-07 An unprecedented leadership challenge for school administrators Today's school leaders face the unprecedented challenge of leading five generations Baby Boomers Generation X Millennials and brand new Generation Z teachers along with Gen Alpha today's youngest students Based on extensive research and the author's experience working with thousands of educators and students 5 Gen Leadership addresses the nuances and expectations implicit with leading each generation With an emphasis on developing a multi generational lens through which to view school improvement this book covers topics such as recruiting and retaining today's young teachers tailoring professional development for each generation and helping each generation succeed in a complex accelerating world Readers will also find Tactics for transitioning to 5 Gen Leadership and understanding the four distinct generations in the teaching staff Moving leadership styles from a managing model to a coaching model Advice for understanding and creating a welcoming environment for Gen Z and Gen Alpha Suggestions for closing the digital generation gaps that emerged during the COVID 19 school closures A glimpse into the future to imagine how new generations of leaders will help reshape schools by 2030 If we're going to make the most of reforming our schools in the 2020s and keep up with the exponential rate of

change in society we must understand today's students and the four disparate generations in our staffs. This book is critical to help leaders bridge those gaps. How do we prepare today's students for the rapidly changing workplace and society in which they will live, work, and interact in an education system designed for a century that has passed us by? In *5 Gen Leadership: Leading 5 Generations in Schools in the 2020s*, Mark White clearly provides a well-lit path to assist educators to successfully make the necessary cultural, structural, and instructional changes that are needed. Bill Daggett, Founder, International Center for Leadership in Education (ICLE), *Ethics, Information, and Technology*, 2025-10-16. Information use is changing rapidly in the digital age, leading to complex intellectual property and ownership issues. Exploring the ethical implications of this new environment, specifically as they relate to information professionals, this text offers guidance on making ethical choices. Today's professionals, spanning all sectors of society, face fast-changing information use questions related to Artificial Intelligence, scholarly communication, research practice, teaching pedagogies, and platforms, data sharing, knowledge management, entrepreneurial endeavors, and service access and delivery. Further complicating matters are grassroots movements such as open access, open data, and open education. This wide-ranging and thorough volume surveys historical traditions and principles in ethics and brings readers into the current digital landscape where ethical issues are often complex and confounding. Covering subjects that range from big data and hacking to surveillance and access, it explores the background of each topic and describes how, where, and why ethical dilemmas arise within it. Through real-life examples, this timely text teaches students and practitioners how to identify an ethical dilemma, provides guidance on how to respond, explains how to separate personal belief from professional responsibility, and discusses how to make exceptions in a principled way.
