**Increase sales and lead generation with AI and chatbots** Krzysztof Wroblewski, 2023-07-10

To grow your ecommerce business you need to gain more clients

And to achieve it you have to provide high quality customer experience

Sounds logical

But the more visitors on your website the more questions your support agents have to handle

And here is the challenge you need to face to successfully grow your store

How to serve more clients answer more questions and maintain the high quality of support at the same time

There are two ways

The first is to constantly hire new support agents

It probably will work but the cost you'll have to take for constantly recruiting and training new employees will be huge

The second way is connected to technology that took the ecommerce industry and not only this one by a storm and will stay with us for a long time

If not forever
