busy teachers *Talk for Writing across the Curriculum* second edition will help transform children's writing and attainment across the curriculum. This book celebrates the importance of talk in becoming and growing as a writer: talk to share ideas, talk to analyse text, talk to co-construct writing and to talk to evaluate writing. Throughout the book constantly underlines the importance of talk for learning and the many creative and rich ways talk can be used to help young writers internalise the rhythms and patterns of text. Full of practical ideas and activities, the teaching combines being creative and being critical in a wholly integrated way. An invaluable resource for primary school teachers. Debra Myhill, Professor of Education at the University of Exeter, UK. The teaching of reading has always taken priority in policy and practice in literacy. Pie Corbett and Julia Strong have produced a very welcome counterweight to that dominance in their *Talk for Writing Across the Curriculum*. It is so refreshing to see suggestions for teaching to bring elements of language together, especially when done in such an entertaining and engaging way as this. This new edition makes a classic even better. David Wray, Emeritus Professor, University of Warwick, UK. This latest update of Pie and Julia's best-selling book reflects changes in the curriculum, strengthening the T4W approach using cold and hot tasks, showing new worked examples of how to apply T4W to each non-fiction type and placing formative assessment at the heart of the process. It is exciting to see how all the best ideas and findings in education are converging, evidenced in this latest up-to-the-minute excellent publication. Shirley Clarke, Formative Assessment Expert.
