Deep Space Probe To Poetria:

Deep Space Probe to Poetria J. J. Lauria, 2004-08-05 *Compendium of Aerospace Medicine* Hubertus Strughold, 1977

Payload from Poetria James Lauria, 2005-07 Writing for entertainment instruction encouragement and or just plain sharing of perceptions critiques and moods can be an edifying pastime and gift to the reader That s what Payload From Poetria delivers It can be read cover to cover the best approach or selectively from the Table of Contents Either way has the potential and promise of a siren call to serendipity a valuable and often providential commodity in today s rapid paced world of predictable uncertainties and un realized expectations How By conjuring up a cloud of distraction with the world of words waiting to be recruited and arranged to frame and even form beneficially influential thoughts and images Payload is that kind of useful literary accessory prompting subliminal curiosity about word choices and an awareness of their power The author claims these words art Poeple inhabitants of Poetria a world in an adjacent galaxy In this second book of a trilogy Deep Space Probe To Poetria being the first he carries on his preposterous claim from Book one The reader s challenge is to profit from and enjoy his attempt while letting others near you on the subway bus or in the cafeteria see you laughing at the very idea of being at all influenced by the author s seemingly vacuous meanderings **Webster's Third International Dictionary of**

the English Language, Unabridged ,1961 **Missionary Daughter** Dorothea Chambers Blaisdell, 2001-10 In Deep Space Probe To Poetria we traversed the Galaxy to visit the home planet of the verbal invaders of our world the Poetrians Then returning in Payload From Poetria we brought back a cargo of poeple i e Poetrians But this familiarity with the realm of Poetrians caused the writer s dark side to overpower and break through his consciousness as Alter in Musings Of The Mad Poet From Poetria indicting Lauria as the Mad Poet rather than he the Parallel Universe Ego Now Lauria re emerges as the dominant poet accepting the unjust designation Mad and sublimating his desire to avenge the indignity by bringing forth a fourth book not part of the Poetrian Trilogy but one in which the Poetrians take on the work of unidentified anonymous internists not to be confused with worms Their objective To stirre your soule and moove your bowelles Can they do it Well let me report to you that mine soule hath been stirred and mine bowelles have been mooved Am I being too subjective too presumptive too everything else in thinking you will experience the same Perhaps but that is for you to reflect upon after reading I can only assure you that once your soule is stirred your bowelles will be moved Sincerely Anonymous P S I too like the internists must remain anonymous Why So that my identity and fabulous career in the Arts does not overshadow Lauria s Is this not awesome humility Let s give it up for me **Poemes That Stirre the Soule and Moove the Bowelles** J. J.

Lauria, 2007-05-01 In Deep Space Probe To Poetria we traversed the Galaxy to visit the home planet of the verbal invaders of our world the Poetrians Then returning in Payload From Poetria we brought back a cargo of poeple i e Poetrians But this familiarity with the realm of Poetrians caused the writer s dark side to overpower and break through his consciousness as Alter in Musings Of The Mad Poet From Poetria indicting Lauria as the Mad Poet rather than he the Parallel Universe Ego

Now Lauria re emerges as the dominant poet accepting the unjust designation Mad and sublimating his desire to avenge the indignity by bringing forth a fourth book not part of the Poetrian Trilogy but one in which the Poetrians take on the work of unidentified anonymous internists not to be confused with worms Their objective To stirre your soule and moove your bowelles Can they do it Well let me report to you that mine soule hath been stirred and mine bowelles have been mooved Am I being too subjective too presumptive too everything else in thinking you will experience the same Perhaps but that is for you to reflect upon after reading I can only assure you that once your soule is stirred your bowelles will be moved Sincerely Anonymous P S I too like the internists must remain anonymous Why So that my identity and fabulous career in the Arts does not overshadow Lauria s Is this not awesome humility Let s give it up for me *Out of This World: Poems and Facts about Space* Amy Sklansky,2012-02-14 Amy Sklansky and Stacey Schuett give young explorers the moon and stars and beyond The mysteries of the universe and the science of space exploration are perennially popular subjects and Out of This World is a wonderful introduction Amy Sklansky has written evocative poems about planets and stars and rockets and moon landings and satellites Each poem is supported by additional facts and explanations in the margins Stacey Schuett brings it all to life with color soaked skies and beautiful perspectives in her fabulous paintings Space is a subject too grand for poetry or prose alone so this book offers both to help readers truly appreciate our place in space Beyond Earth's Edge Julie Swarstad Johnson,Christopher Cokinos,2020 Beyond Earth s Edge vividly captures through poetry the violence of blastoff the wonders seen by Hubble and the trajectories of exploration to Mars and beyond The anthology offers a fascinating record of both national mindsets and private perspectives as poets grapple with the promise and peril of U S space exploration across decades and into the present Poom! J. J. Lauria,2009-10 From time to time on Poetria there are explosions resulting from pombs detonated by Poetrians Poetria Poetrians Where is that Who are they Sorry answering such questions requires research and this back cover has word number limitations You d find these answers in my first three books a trilogy Deep Space Probe To Poetria Payload From Poetria and Musings Of The Mad Poet From Poetria all available from AuthorHouse or special order through retail book outlets These are my poetry legacy a way of leaving some of my works in a published form to gather dust on a shelf until someone opens one of the volumes this being the sixth on poetry and reads it particularly this one and POOM A pomb goes off More about this inside Duck for cover *The Lost Cosmonauts* Ken Hunt,2018-11-02 Fraught with fatal mishaps and disastrous near misses the missions of the space race between the Soviet Union and the United States defined an era and exemplified the global socio political conflict of the Cold War The Lost Cosmonauts by Ken Hunt is an elegy to humanity s fledgling efforts to explore outer space and to those who lost their lives in pursuit of this goal This wide ranging collection of poems looks deep into the largely unexplored cosmos for experiences of the sublime not only in celestial bodies and mythical figures among the stars but also in those astronauts and cosmonauts who dared to explore them **God Is a Hoot!** J. J. Lauria,2011-06-01 Who is this book for Anyone with a sense of humor Believer or not and
