real human There is no point where you ll be good enough That s how we re constructed so just accept it You ll never think of your skills I m a great artist and I don t need to learn anything else I just do it for fun at this point It s not going to happen There will always be something you can t do something that would complete you and once you get it that new thing opens your eyes to a new world of things yet to learn If there is a way to be perfect it s to stop trying You must understand that no matter how good you are at drawing it will not make you a better more valuable person than you are now It s also true from the other side no matter how bad you are at drawing it doesn t make you less worthy This brings us to another point Do It for Yourself
