Digital Drawing for Designers: A Visual Guide to AutoCAD ♦ 2017 Douglas R. Seidler, 2016-07-28 This textbook teaches AutoCAD by relating to the visual world Beginning with the basics it progresses through architectural graphic standards enabling students to create drawings that effectively communicate their design ideas Clear concise and visual this AutoCAD guide speaks directly to the needs of architects and interior designers *Literature's Elsewheres* Annette Gilbert, 2022-04-05 An examination of a series of diverse radical and experimental international works from the 1950s to the present What is a literary work In *Literature's Elsewheres* Annette Gilbert tackles this question by deploying an extended concept of literature examining a series of diverse radical experimental works from the 1950s to the present that occupy the liminal zone between art and literature These works by American Artist Allison Parrish Natalie Czech Stephanie Syjuco Fiona Banner Elfriede Jelinek Dan Graham Robert Barry George Brecht and others represent a pluralized literary practice that imagines a different literature emerging from its elsewheres Investigating a work's coming into being its transition from text to work as a social object and pragmatic category of literary communication Gilbert probes the assumptions and foundations that underpin literature including the ideologies and power structures that prop it up She offers a snapshot from a period of recent literary and art history when such central concepts as originality and authorship were questioned and experimental literary practices ranged from concrete poetry and Oulipo to conceptual writing and appropriation literature She examines works that are dematerialized site specific unique copies of other works and institutional critiques Considering the inequalities exclusions and privileges inscribed in literature she documents the power of experimental literature to attack these norms and challenges the field's canonical geographic boundaries by examining artists with roots in North and South America East Asia and Western and Eastern Europe The cross pollination of literary and art criticism enriches both fields With *Literature's Elsewheres* Gilbert explores what art can't see about the literary and what literature has overlooked in the arts The Literary Works of L. Da Vinci Leonardo (da Vinci), 1883 Structured Document Image Analysis Henry S. Baird, Horst Bunke, Kazuhiko Yamamoto, 2012-12-06 Document image analysis is the automatic computer interpretation of images of printed and handwritten documents including text drawings maps music scores etc Research in this field supports a rapidly growing international industry This is the first book to offer a broad selection of state of the art research papers including authoritative critical surveys of the literature and parallel studies of the architecture of complete high performance printed document reading systems A unique feature is the extended section on music notation an ideal vehicle for international sharing of basic research Also the collection includes important new work on line drawings handwriting character and symbol recognition and basic methodological issues The IAPR 1990 Workshop on Syntactic and Structural Pattern Recognition is summarized including the reports of its expert working groups whose debates provide a fascinating perspective on the field The book is an excellent text for a first year graduate seminar in document image analysis and is
