**Contemporary Chicana Literature: (Re)Writing the Maternal Script** Cristina Herrera, 2014-03-28 Despite the growing literary scholarship on Chicana writers few if any studies have exhaustively explored themes of motherhood, maternity and mother-daughter relationships in their novels. When discussions of motherhood and mother-daughter relationships do occur in literary scholarship they tend to mostly be a backdrop to a larger conversation on themes such as identity, space and sexuality for example. Mother-daughter relationships have been ignored in much literary criticism but this book reveals that maternal relationships are crucial to the study of Chicana literature. More precisely examining maternal relationships provides insight to Chicana writers' rejection of intersecting power structures that otherwise silence Chicanas and women of color. This book advances the field of Chicana literary scholarship through a discussion of Chicana writers' efforts to re-write the script of maternity outside of existing discourses that situate Chicana mothers as silent and passive and the subsequent mother-daughter relationship as a source of tension and angst. Chicana writers are actively engaged in the process of re-writing motherhood that resists the image of the static disempowered Chicana mother. On the other hand these same writers engage in broad representations of Chicana mother-daughter relationships that are not merely a source of conflict but also a means in which both mothers and daughters may achieve subjectivity. While some of the texts studied do present often conflicted relationships between mothers and their daughters the novels do not comfortably accept this script as the rule. Rather the writers included in this study are highly invested in re-writing Chicana motherhood as a source of empowerment even as their works present strained maternal relationships. Chicana writers have challenged the pervasiveness of the problematic virgin/whore binary which has been the motif on which Chicana womanhood/motherhood has been defined and they resist the construction of maternity on such narrow terms. Many of the novels included in this study actively foreground a conscious resistance to the limiting binaries of motherhood symbolized in the virgin/whore split. The writers critically call for a rethinking of motherhood beyond this scope as a means to explore the empowering possibilities of maternal relationships. This book is an important contribution to the fields of Chicana, Latina and American literary scholarship.

**Colonial Legacies in Chicana/o Literature and Culture** Vanessa Fonseca-Chávez, 2020-10-06 *Colonial Legacies in Chicana/o Literature and Culture* exposes the ways in which colonialism is expressed in the literary and cultural production of the U.S. Southwest a region that has experienced at least two distinct colonial periods since the sixteenth century. Vanessa Fonseca-Chávez traces how Spanish colonial texts reflect the motivation for colonial domination. She argues that layers of U.S.

colonialism complicate how Chicana o literary scholars think about Chicana o literary and cultural production She brings into view the experiences of Chicana o communities that have long standing ties to the U S Southwest but whose cultural heritage is tied through colonialism to multiple nations including Spain Mexico and the United States While the legacies of Chicana o literature simultaneously uphold and challenge colonial constructs the metaphor of the kaleidoscope makes visible the rupturing of these colonial fragments via political and social urgencies This book challenges readers to consider the possibilities of shifting our perspectives to reflect on stories told and untold and to advocate for the inclusion of fragmented and peripheral pieces within the kaleidoscope for more complex understandings of individual and collective subjectivities This book is intended for readers interested in how colonial legacies are performed in the U S Southwest particularly in the context of New Mexico Texas and Arizona Readers will relate to the book s personal narrative thread that provides a path to understanding fragmented identities
