## Deep Secrets:

**Deep Secrets** Niobe Way, 2013-05-06 Boys are emotionally illiterate and don't want intimate friendships In this empirically grounded challenge to our stereotypes about boys and men Niobe Way reveals the intense intimacy among teenage boys especially during early and middle adolescence Boys not only share their deepest secrets and feelings with their closest male friends they claim that without them they would go wacko Yet as boys become men they become distrustful lose these friendships and feel isolated and alone Drawing from hundreds of interviews conducted throughout adolescence with black Latino white and Asian American boys Deep Secrets reveals the ways in which we have been telling ourselves a false story about boys friendships and human nature Boys descriptions of their male friendships sound more like something out of Love Story than Lord of the Flies Yet in late adolescence boys feel they have to man up by becoming stoic and independent Vulnerable emotions and intimate friendships are for girls and gay men No homo becomes their mantra These findings are alarming given what we know about links between friendships and health and even longevity Rather than a boy crisis Way argues that boys are experiencing a crisis of connection because they live in a culture where human needs and capacities are given a sex female and a sexuality gay and thus discouraged for those who are neither Way argues that the solution lies with exposing the inaccuracies of our gender stereotypes and fostering these critical relationships and fundamental human skills *Deep Secret Deep Deliverance* Dr. D. K. Olukoya, 2014-02-12 Deep Secret Deep Deliverance Do you have knowledge of what is called deliverance Do you want to be delivered from any remnant of shackles or yokes Do you want to grow in your knowledge of deliverance If your answer to the questions above is yes then this is the book you have been waiting for It is written by a divinely endowed authority in the subject By the time you have gone through this book you will agree that you have got the value for your money *The Book of Revelation* Robert H. Mounce, 1998 This contribution to The New International Commentary on the New Testament is a revision of Robert Mounce's original entry on the book of Revelation and reflects more than twenty additional years of mature thought and the latest in scholarship Security and Human Rights Benjamin J Goold, Liora Lazarus, 2019-09-05 This is the second edition of the acclaimed Security and Human Rights first published in 2007 Reconciling issues of security with a respect for fundamental human rights has become one of the key challenges facing governments throughout the world The first edition broke the disciplinary confines in which security was often analysed before and after the events of 11 September 2001 The second edition continues in this tradition presenting a collection of essays from leading academics and practitioners in the fields of criminal justice public law privacy law international law and critical social theory The collection offers genuinely multidisciplinary perspectives on the relationship between security and human rights In addition to exploring how the demands of security might be reconciled with the protection of established rights Security and Human Rights provides fresh insight into the broader legal and political challenges that lie ahead as states attempt to control crime prevent terrorism and protect their citizens The volume features
