## **Deepak Chopra:**

**How to Know God** Deepak Chopra, M.D., 2001-02-20 You don't have to believe in God in order to experience God. Deepak Chopra, the celebrated author of *Ageless Body Timeless Mind* and *The Seven Spiritual Laws of Success*, has written his most ambitious and important work yet: a runaway international bestseller that has inspired hundreds of thousands of readers to rethink their concept of God. According to Chopra, the brain is hardwired to know God. The human nervous system has seven biological responses that correspond to seven levels of divine experience. These are shaped not by any one religion; they are shared by all faiths but by the brain's need to take an infinite chaotic universe and find meaning in it. *How to Know God* describes the quest each of us is on, whether we realize it or not. For as Chopra puts it, God is our highest instinct to know ourselves. This book makes a dramatic and enduring contribution to that knowledge.

**Q&A a Day for Enlightenment** Deepak Chopra, MD, 2023-10-10 Explore the transformative powers of mindfulness and self-reflection in this three-year journal from New York Times bestselling author Deepak Chopra, the founding father of meditation in America. In the same format as Potter's hugely successful *Q & A a Day* journal, *Q & A a Day for Everyday Enlightenment* presents 365 searching, thoughtful questions from Deepak Chopra that draw from his deep resource of mindfulness practices. The topics range from emotional to physical and spiritual: What are you experiencing emotionally in the present moment? Observe your breath. How are you breathing? Deep Short Relaxed Fast. How can you bring light and love into the world? Each page has three spaces under the prompt for responding, one for each succeeding year. As you respond to daily prompts over three years, you can chart emotional, physical, and spiritual growth and gain self-knowledge. Start at any point in the year. When you are finished, begin again on day one using the next space on the page. As the years go by, you'll notice how your answers change or don't. These thoughtful questions have been developed to encourage you to look inside, dig deep, and explore what makes you you.

Now in *Unconditional Life*, he undertakes an even greater challenge to explain how consciousness can lead the way to total freedom and perfect health. *Unconditional Life* brings together disciplines ranging from modern physics and neuroscience to the ancient traditions of Indian wisdom to show how our perceptions create our reality for good or ill and how the outside world can be shaped by altering the world within. In a book filled with hope and inspiration, Dr. Chopra offers compelling proof of the power of consciousness and a daring new vision of our own unlimited potential.
