Dragons And Chariots An Explanation Of Extraterrestrial Spacecraft And Their Propulsion Systems:

Dragons and Chariots Wes Bateman,1991-06-01 An Explanation of Extraterrestrial Spacecraft and Their Propulsion Systems Introduction to Saucer Propulsion Gravity The Interplanetaries The Dragon The Dragon Seeds Manipulated Light The Interstellar Motherships The Intergalactic Motherships Through Alien Eyes Wesley H. Bateman,2000-01-01 The accounts given by extraterrestrials in this volume are about events that occurred in our solar system many millions of years ago In that ancient time the solar system consisted of four planets and four radiar systems that orbited the central sun The four planets of the solar system are known today as Venus Earth Mars and a now totally shattered world that was called Maldec The term radiar applies to the astronomical bodies we presently call Jupiter Saturn Uranus and Neptune The original satellites of these radiars are generally called moons by Earth astronomers but the extraterrestrials prefer to call them planetoids This book reflects the personal views of a number of different types of extraterrestrials regarding the state of the local solar system and the state of the Earth Knowledge from the Stars Wes Bateman,1993-06-01 The author of Dragons and Chariots and the four Ra Books shares his thirty year adventure as a Federation telepath and the wisdom brought to Earth through his telepathic connections Shamanic Secrets for Physical Mastery Robert Shapiro,2003-11-01 The fourth installment of the series tells of the incredible vehicle traveling with the Hale Bopp Comet four times the size of Earth and filled with lightbeings The book also covers the Montauk project the HAARP project and the uncreation of Hitler **Beyond Ascension** Joshua David Stone,1995 This book brings forth incredible new channeled material that completely demystifies the seven levels of initiation and how to attain them It contains revolutionary new information on how to anchor and open our thirty six chakras and how to build our light quotient at a rate of speed never dreamed possible The book includes a chapter on cosmic ascension and a unique cosmic map that outlines the process of planetary ascension The map also charts the course for full cosmic ascension through the seven cosmic planes and forty eight dimensions of reality back to the Godhead and undifferentiated Source **ET Visitors Speak, Volume One** Robert Shapiro,2001-01-01 The truth of life well lived is simple it always has been Throughout humankind s history the Father Mother God s guiding light has shone through a band of humble yet powerful brothers and sisters masters all The Great Brother Sisterhood of Light has shone the light of its love throughout the world during all of its evolution Most of its loving membership has remained beyond the shadowy veil of human consciousness but here and there its presence has been felt directly on the Earth plane Usually hidden away from the chaos and darkness of the world s busy highways and byways the masters have remained anonymous to all but a few worthy souls who have dedicated themselves selflessly to the laws of love and truth and have served humanity humbly in a thousand different ways throughout history These are the disciples of the masters souls who act as instruments stepping down the powerful frequencies of pure love into digestible portions that humanity can use to brighten its way *Behold a Pale Horse* William Cooper,1991-01-01 A former member of the U S Naval Intelligence briefing team reveals information that the

government has kept secret since the 1940s on topics ranging from UFOs and the assassination of JFK to the war on drugs

Origins and the Next 50 Years Robert Shapiro, 1997-01-01 The accounts given by extraterrestrials in this volume are about events that occurred in our solar system many millions of years ago In that ancient time the solar system consisted of four planets and four radiar systems that orbited the central sun The four planets of the solar system are known today as Venus Earth Mars and a now totally shattered world that was called Maldec The term radiar applies to the astronomical bodies we presently call Jupiter Saturn Uranus and Neptune The original satellites of these radiars are generally called moons by Earth astronomers but the extraterrestrials prefer to call them planetoids This book reflects the personal views of a number of different types of extraterrestrials regarding the state of the local solar system and the state of the Earth

Creators and Friends Robert Shapiro, 1998-02-01 Humans creators in training have a purpose and destiny so heartwarmingly profoundly glorious that it is almost unbelievable from our present dimensional perspective Humans are great lightbeings from beyond this creation gaining experience in dense physicality by slowing down the creative process in order to feel the results and consequences of their decisions and actions This truth about the great human genetic experiment of the Explorer Race and the mechanics of creation is being revealed for the first time by Zoosh and his friends as humanity begins to awaken to its true nature Zoosh and a great assortment of beings who have never spoken to the physical plane before from particles to All That Is speak vibrantly through superchannel Robert Shapiro Each personality has its own knowing perception and expertise as it shares its history its present focus and the awesome truth about humanity's mission The books read like adventure stories as we follow the clues from this creation we live in out to the Council of Creators and beyond As we explore the greater reality beyond our planet our galaxy our dimension our creation we meet prototypes designers shapemakers creators creators of creators and friends of our Creator who explain their roles in this creation and their experiences before and beyond this creation As our awareness expands about the way creation works our awareness of who we are expands and we realize that a part of ourselves is in that vast creation and that we are much greater and more magnificent than even science fiction had led us to believe Join us in the adventure of discovery It's mind stretching

Mahatma Wes Bateman, Brian Grattan, 1991 This data was obtained over a period of 28 years by way of telepathic communication with extraterrestrials who have been visiting our planet in craft we have come to call flying saucers or as they are generally referred to unidentified flying objects UFOs **Knowledge from the Stars** Wesley H. Bateman, 1993-07-01 The author of *Dragons and Chariots* and the four Ra Books shares his thirty year adventure as a Federation telepath and the wisdom brought to Earth through his telepathic connections **Chariots of the Gods?** Erich Von Daniken, 1968 *Chariots of the Gods* Erich Von Daniken, 1999-01-01 AS SEEN ON ANCIENT ALIENS Now in a beautiful 50th anniversary edition with a new foreword and afterword by the author this is the groundbreaking classic that introduced the theory that ancient Earth established contact with aliens Immediately recognized as a work of monumental importance *Chariots of the Gods* endures as

proof that Earth has been visited repeatedly by advanced aliens from other worlds Here Erich von D niken examines ancient ruins lost cities spaceports ufos and a myriad of hard scientific facts that point to extraterrestrial intervention in human history Most incredible of all however is von D niken s theory that we are the descendants of these galactic pioneers and he reveals the archaeological discoveries that prove it The dramatic discoveries and irrefutable evidence An alien astronaut preserved in a pyramid Thousand year old spaceflight navigation charts Computer astronomy from Incan and Egyptian ruins A map of the land beneath the ice cap of Antarctica A giant spaceport discovered in the Andes Includes remarkable photos that document mankind s first contact with aliens at the dawn of civilization **God's Chariots** Kazmer

Ujvarosy,2019-07-24 This book presents a mass of reports from the remotest times which indicate that visitors from outer space coming in chariots of fire or clouds of light played an intimate role in the formation of the people of Israel moreover in their transformation into Christians Since most of the reports come from saints and other trustworthy characters the integrity of these witnesses and the antiquity of the reports make it practically impossible to explain away the sightings of chariots of fire and clouds of light as satellites helicopters or simply fabrications engineered by publicity seeking cranks The questions answered by GOD S CHARIOTS include What was the purpose of the visitations from space How did these visitors from space look like Who were the Magi What did they follow How did Jesus travel great distances Why was it possible for Elijah and Moses to have a meeting with Jesus hundreds of years after their time Exactly under what circumstances did Jesus ascend into heaven What secret investigations followed his ascension How did the Virgin Mary ascend into heaven How were the apostles and many of the saints transported from place to place Gain stunning insights into the true nature of religion by reading this quintessential book No book is as unique as this one The Space-gods Revealed Ronald Story,1976 First published in 1976 this book is a refutation to the theories and evidence in Erich von D niken s most famous work Chariots of the Gods which suggested that Earth had been visited by extraterrestrials in our distant past With an introduction by Carl Sagan Adapted from Wikipedia **Spacecraft Propulsion** Charles D. Brown,1996 **The Spaceships of Ezekiel** Joseph Blumrich,2017-12-20 Not a description of a meeting with God but with ancient astronauts in a shuttlecraft The Spaceships of Ezekiel is about a ship that was supposedly observed by the prophet Ezekiel It was written while the author Josef Blumrich was chief of NASA s systems layout at the Marshall Space Flight Center After ufologists such as Erich von D niken pointed to the possibility of interpreting Ezekiel s vision as a report of an extraterrestrial spacecraft Blumrich decided to disprove the hypothesis However a thorough examination convinced him that Ezekiel had in fact seen a spaceship He then made detailed drawings of the alien craft concluding that the technology of the builders must have been somewhat higher than mankind s at the present Blumrich asserts that Ezekiel s account in the Bible was not a description of a meeting with God in a prophetic vision but one of several encounters with ancient astronauts in a shuttlecraft from another planet Blumrich analyzes six different translations of the Bible in conjunction with his experience in engineering and presents one possible version of

Ezekiel's visions of how God described as riding in an elaborate vehicle capable of seeing supposedly showed him the future and gave him various messages to deliver. In the appendices to the book Blumrich presents technical specifications of the hypothesized spacecraft. He proposed a wheel that is capable of rotating not only in the forward backward direction but also sideways based on his interpretation of the description in Ezekiel and patented it. The wheel is now known as the Omni wheel and it is used in special applications. *Future Spacecraft Propulsion Systems* Paul A. Czysz, Claudio Bruno, 2006. A timely and comprehensive book on putting spacecraft propulsion in perspective. This guide sets out what is needed to progress to economical Earth orbit operations and future flights between Earth, Moon and space. 39 illustrations.
