,1988-07     **The Commonwealth** ,1985     **The Routledge History of the Devil in the Western Tradition** Richard Raiswell,Michelle D. Brock,David R. Winter,2025-05-29 Covering a period of 2000 years this book offers an interdisciplinary exploration of the devil s role in the Western tradition and draws from history religion art literature media studies and anthropology to provide a multifaceted view of the devil over time The Routledge History of the Devil in the Western Tradition examines topics such as the devil s scriptural origins medieval development and role in witch hunting and possession cases as well as the influence of the demonic on contemporary issues like terrorism political polarisation and digital culture Collectively this volume demonstrates that the demonological imagination has served as part of the glue holding Western societies together While contexts misfortunes and anxieties have shifted according to time and place many of the dynamics that underlie the devil s construction and detection have important continuities This book then provides an innovative history of the anti West the West as seen through its anxieties fears and attempts to define and police itself and its boundaries With contributions from 28 leading scholars in the field this volume is of interest to all students and scholars of the devil in the Western world     *Escape Emerald* 2 Bill H. Ritchie,2024-03-27 Disclosure This description was prompted and edited by Bill Ritchie in Microsoft s current Copilot an AI text generator for the second volume of Bill H Ritchie s two part autobiography We traverse the years from 1991 to 2023 Ritchie a trailblazer in the art world continues his life story In the first book he told how he embarked on a remarkable odyssey that defied convention and reshaped the art craft and design of fine art printmaking At the tender age of 24 Ritchie secured a groundbreaking position the youngest ever in the vibrant city of Seattle His appointment as a teaching artist in fine art printmaking at the University of Washington marked the beginning of a transformative chapter But this was no ordinary academic journey Ritchie s innovative spirit would soon set him apart a maverick in academe The traditional classroom was too confining for Ritchie Driven by a hunger for exploration he wove technology into his art courses in the 1980s Bill Ritchie s experiments disrupted the staid printmaking department and shocked the UW School of Art Forced to leave the stifling ivory towers by the 1990s the emergence of electronic arts opened with the Internet and would extend the boundaries of printmaking Ritchie s vision blurred the lines between historic creativity and cutting edge technology birthing a new era dating back to the Paleolithic era when printmaking was invented Ritchie pushed the envelope Printmaking was no longer confined to ink and paper it now danced with video performance computer graphics and games His colleagues patrons and former students watched in awe wondering at the audacity of his moves Telling all Ritchie weaves rich detailed tales In his printed books he placed thousands of pictures to enliven the narrative capturing moments shared with those who left their marks on his journey QR codes link videos and backstories bridging epochs from prehistoric cave paintings to the digital age The echoes of ancient handprints resonate showing that explication transcends time if replicated creatively In a world illuminated and echoed by electronic media Ritchie poses a poignant question Is there hope As climate change and global stressors threaten the future his words

resonate Whether through brushstrokes or those fleeting elusive pixels and here in eBook form and auxiliary Read Aloud option Ritchie's legacy endures a beacon for students of all ages urging them to embrace creativity defy boundaries and find hope in the interplay of art technology and the human imagination *Ethos, Technology, and AI in Contemporary Society* Aaron Hess, Jens E. Kjeldsen, 2024-12-10 Bringing together expert rhetorical theorists and technologists this book explores our current understanding of and attitudes toward ethos credibility and trust in today's changing technological landscape Recent advancements in technology including the development of digital technologies the growth of algorithmic machine learning and artificial intelligence and the circulation of disinformation in social media necessitate a reevaluation of ethos To explore the rhetorical concept of ethos which is the perceived character of a speaker contributors theorize how ethos is enabled constrained and constituted through new communication technologies In this edited collection chapters address key philosophical questions concerning the rhetorical capacities of modern communicating machines such as ChatGPT Midjourney or other digital platforms Through case studies new theorizing and critical inquiry contributors contemplate the changing relationship between humans and technology in rhetoric and ethos revealing contemporary tensions and insecurities regarding issues including authenticity and authorship This book will be of interest to students and scholars in the fields of Rhetoric Communication Studies Technology Studies Digital Humanities and Cultural Studies **The AI Magazine**, 1983 *AI Magazine*, 2004 Job Creation and Local Economic Development 2024 The Geography of Generative AI OECD, 2024-11-28 Regions across the OECD face a range of labour market challenges and are undergoing a significant transformation An ageing workforce low labour productivity growth persistent regional disparities pervasive labour shortages and new technologies will require both people and places to undergo transitions This report Job Creation and Local Economic Development 2024 The Geography of Generative AI examines the health of regional and local labour markets including through new estimates on regional labour shortages and their drivers New tools and technologies such as Generative AI could help policymakers address these challenges and seize new opportunities for job creation and local economic growth This report provides novel evidence of the geography of the impact of Generative AI on jobs across the OECD It examines which places within countries and types of workers are most exposed to Generative AI and contrasts this with the labour market impact of past waves of technologies that drove automation Finally it discusses local and place based actions and policies for seizing the benefits of Generative AI such as boosting productivity mitigating labour shortages and demographic change as well as for mitigating risks of job displacement *PC/Computing*, 1993-10 **The Software Encyclopedia**, 1986 Smart Cities Policies and Financing John R.
