Entertainment Media and Communication Nicholas David Bowman, 2024-10-21 Although not considered a formal area of study scholarship on the uses content and effects of entertaining media has been central to communication studies and related fields for more than a century The serious study of entertainment seems paradoxical as we presume entertainment to be the lighter side of our daily lives Yet as revealed in this volume entertainment media serve as cultural artifacts that shape our understandings of various peoples and publics in ways that invite deeper immersive and increasingly interactive engagement On this backdrop Entertainment Media and Communication serves as a reference guide for canonical and foundational research into media entertainment and a collection of emerging and updated theories and models core to the study of media entertainment in the 21st century Across more than forty chapters and with a diverse and inclusive list of authors this volume provides a broad yet nuanced view into entertainment media and communication scholarship The contributors explore its foundations define and extend key concepts and theories through myriad lenses discuss unique considerations of digital media and divine future paths for scholarly inquiry *Digital Marketing* Klaus Solberg Söilen, 2024-12-02 This textbook balances the theory of digital marketing with the practical skills for prospective marketers in professional organizations both public and private It begins with an introduction to the digital landscape following the structure of market segmentation B2C B2B applications as a starting point of digital marketing It then takes the readers through the customer journey use of social media and the rising importance of video based communication Given this background students will learn the organization technical skills and project management needed for digital marketing including online public relations communications and internet branding An extensive summary of strategies necessary to work with digital marketing in a longer perspective is also provided **Digital-Native News and the Remaking of Latin American Mainstream and Alternative Journalism** Summer Harlow, 2022-10-06 Winner of the Frank Luther Mott Kappa Tau Alpha Research Award Digital Native News and the Remaking of Latin American Mainstream and Alternative Journalism explores the rise of independent digital native news outlets in Latin America and their role in social change protest participation and the refinement of the concept of alternative media Drawing upon a decade of original research including interviews surveys focus groups and content analyses this book questions how the emergence of online native news sites in Latin America is redefining our understanding of what it means to be mainstream and what it means to be alternative By analyzing a wide range of elements from business models and audience behaviors to social media use and the role of gender this text examines how these sites are challenging traditional hegemonic mainstream news media and its service to political and economic elites The result is a discerning investigation into the new brand of journalism these sites have innovated This insightful study will be of interest to journalism communication and Latin American scholars particularly those interested in how technology is moulding journalistic practices and changing conceptions of journalism itself **Media, Culture and**

Society Paul Hodkinson, 2024-04-19 As digital media come to saturate more and more of our societies what benefits and challenges do they bring Who holds power in contemporary media industries and do they have our best interests at heart What role do media play in our cultural identities and the relations between communities How much control do media users have over the role of platforms algorithms and data in their lives Media increasingly dominate our social and cultural worlds affecting issues of power politics knowledge identity and everyday life But what are the implications of the mediatisation of contemporary life and how should we make sense of it In this fully updated and revised edition of his bestselling textbook Paul Hodkinson explores the social and cultural significance of media in the age of digital platforms Encompassing media technologies industries texts and users and combining coverage of classic theories with extensive new material on platforms social media datafication and more this book will equip you to navigate the fast moving field of media and communication studies Media Culture and Society provides an essential overview for students studying introductory media modules as well as depth for those further into their media degree Marketing Library Services ,2007 **Reputation in Business** Stuart Thomson, 2022-09-28 A compelling mix of reputation management crisis leadership and the role of politics in business this book provides unique practical steps that leaders can take to protect their reputations and those of the organisations they head in an ever more open social media led world Although leaders increasingly recognise the vital intangible asset that reputation represents too many do not really understand what reputation is and the steps that should be taken to build it and their corporate value Given the range of factors depending on the organisation each aspect of its complex reputational story needs to be unpicked if a reputation is to be built maintained and protected This step by step guide offers advice on how to develop the strategies needed to do this provides clear lessons throughout from a range of experts and distinctively looks beyond the corporate sector to charities governments NGOs and the public sector Boards trustees non executive directors senior management and leaders of all types of organisations need to consider the steps that should be taken to build maintain and defend their reputation and that means knowing what their reputation is and the audiences that matter most to them This book is the roadmap What's Our Problem? Tim Urban, 2023-02-21 From the creator of the wildly popular blog Wait But Why a fun and fascinating deep dive into what the hell is going on in our strange unprecedented modern times Between 2013 and 2016 Tim Urban became one of the world's most popular bloggers writing dozens of viral long form articles about everything from AI to colonizing Mars to procrastination Then he turned his attention to a new topic the society around him Why was everything such a mess Why was everyone acting like such a baby When did things get so tribal Why do humans do this stuff This massive topic sent Tim tumbling down his deepest rabbit hole yet through mountains of history evolutionary psychology political theory neuroscience and modern day political movements as he tried to figure out the answer to a simple question What's our problem Six years later he emerged from the hole holding this book What's Our Problem is a deep and expansive analysis of our modern times in the classic style of Wait But Why packed with original concepts sticky metaphors

and 300 drawings The book provides an entirely new framework and language for thinking and talking about today's complex world Instead of focusing on the usual left center right horizontal political axis which is all about what we think the book introduces a vertical axis that explores how we think as individuals and as groups Readers will find themselves on a delightful and fascinating journey that will ultimately change the way they see the world around them Anyway he wanted to say a lot more about all of this but there was a word limit on this book description so just go read the book

Playing the Academic Game Bryn Williams-Jones, 2025-02-04 Playing the Academic Game is the culmination of two years of weekly posts on the BrynStorming blog by Bryn Williams Jones professor of bioethics in the School of Public Health at the Universit de Montr al As an ethicist long interested by questions of justice an important motivator for this project has been Williams Jones need to respond to the injustices encountered in academia Many students and researchers fail in their studies or career progression not because they don't have the intellectual abilities or drive but simply because they don't know what's expected of them or how to best present themselves in a competitive environment That is they don't know the rules of the game and this isn't fair because the rules are rarely made explicit In this book which is organized into 5 major sections The Academic Career Path Professional Identity University Life Productivity and Creativity and Multiple Responsibilities and Mental Health Williams Jones shares 30 years of experience in academia to make explicit the often implicit norms and rules of academic life so that all who wish to can fairly play the academic game
