How To Get Into Hybrid Work Schedule From Home:

Work Less Jon Peirce, 2024-01-02 You can't have a healthy economy with an unhealthy work force. Work Less proposes ways to reduce work hours and keep workers happier, healthier, and more productive. Recent years have revealed just how stressed out many workers are. While the trend to longer hours has been developing for several decades, the trend's effects have been aggravated during the pandemic by the growing use of Zoom and other new technologies for meetings with clients, customers, and co-workers. Exhausted and fed up, today's workers are starting to insist on shorter hours and greater flexibility as to where they do their work. There is growing consensus that the forty-hour week, the norm since the 1940s, has outlived its usefulness. And there is an urgent need for new work schedules that adequately reflect the far greater intensity of work today as well as the greater family demands on a labour force made up of almost fifty percent women who bear the brunt of domestic duties. Work Less offers practical scheduling suggestions to employers and workers and numerous policy options for government policy makers to improve working conditions.

Make It To the Top Payal Nanjiani, 2024-09-16 You are working hard. You are sustaining your job. You are doing well in your field. Life seems fine. But there is something that's holding you back from making it to the top in your field of work. That something could be an annoying habit, a behaviour, or a trait that's getting you stuck in your career. All of us want promotions and salary increases. We desire to make it to the top. But most of us don't realize that these things cannot be asked for by putting our hands out. You can get that promotion, the salary raise, the new project, the visibility, the sponsors, the accolades, and the achievements only when you work on yourself harder than you work on your job. You must become such that success, promotion, and job offers begin to follow you everywhere. In this book, Payal Nanjiani points out that the reason why many do not make it to the top is not because of a lack of information, abilities, or skills. Having private access to some of the world's most successful industry leaders, she tells you that those who truly make it to the top in their careers are doing things differently than others. An expert coach who helps leaders globally overcome their unconscious habits and behaviours to attain higher levels of success, she has worked with corporates and leaders around the globe, bringing about a huge transformation in the thinking and behaviours of leaders. Her one-on-one coaching comes with a six-figure price tag. But in this book, Payal shares some great advice and strategic solutions to reach the top without a hefty price tag. The book has hands-on advice on what to do, how to do it, and what transformation to bring about in your thinking and habits. These ideas, powers, and habits have been tested in practice on numerous executives. Payal has coached in the past eighteen years and is helpful to people in every part of the organization. We all face challenges and

deal with setbacks But in the long run you ll achieve incredible growth and success if you re willing to change your thinking and behaviours Are you ready to unlock your leadership powers and live your best life **Work-Life Tango** Kristel Bauer,2024-11-19 The familiar concept of work life balance endures but does anyone actually boast of having a healthy ratio of work and personal time Very few do because our model for work life leads to burn out it asks individuals to chase a dream where work and life are both equal and distinct where the demands of one do not contradict the demands of another Simply giving 100% to the twin pillars of your life will not give you the work life balance you crave The good news is there s a much more intelligent holistic and effective way to live your life Life has never fit into tidy little boxes Family and social needs don t stop between 9 00 a m and 5 00 p m and work pressures bleed into the hours between 5 01 p m and 8 59 a m all the time And since the pandemic the lines have become even more blurred with remote workers bearing the brunt of the impact It s time to embrace new wellness strategies This book will show how taking a holistic and integrative approach to the complex demands of life and work will transform your happiness and productivity The book will contain three parts Part I will focus on strategies to thrive as an individual specifically maintaining a healthy mind and body by prioritizing oneself You ll learn how to integrate healthy lifestyle habits into and throughout your workday so that taking care of yourself won t compete with productivity but will support it Part II will focus on thriving at work You ll learn about checkpoints and how to use these moments to wake up and realign your well being with your personal mission You ll learn how to create healthy boundaries work through the common challenges that remote workers face and provide approachable solutions that you can immediately start integrating into your work life Team leaders will gain key insights for managing remote and flexible teams so that they can create the conditions for success Part III is about thriving in relationships While community and connection are vital to well being many workers struggle to form and maintain these bonds This book will explain why connection is vital and show how to encourage it By identifying your personal mission and integrating the wellness strategies provided in TheWork Life Tango you ll be able to show up 100% in all aspects of life in your career for your family and friends and for yourself
