The book helps you map an audience journey that behaves like a playground instead of a linear funnel, evolve the approach to social media to go beyond conversations and instead facilitate and engage with the community, and build thought leaders to build trust and move your audience into the future. Each chapter includes practical advice to help seasoned marketers shift their strategy and offers tactical implementation recommendations. All chapters include real-world examples from companies like Adobe, Hubspot, and Edelman to demonstrate that this shift from the standard playbook actually works.
