If You Could Live Anywhere Melody Warnick, 2022-07-26. Even when your job can be done from anywhere, the place you call home still matters a lot. By the old rules of work, your dream career determines where you live. If you want to make movies, move to Los Angeles. If you want to work in publishing, you must be in New York. And if you're launching a start-up, you'll only succeed in Silicon Valley. But with the meteoric rise of remote and freelance work, more people than ever are becoming location independent. Even doctors, teachers, and other people in more traditional occupations have to make tough choices about where they settle, because living in the right place can still make all the difference for your success and happiness. So if work won't dictate where you live, how will you ever decide? *If You Could Live Anywhere* answers that question. Melody Warnick unpacks the big picture concerns that we often miss when we're writing pros and cons lists about potential destinations. Because the secret to being happy isn't moving, it's aligning your location with your values. You'll learn how to craft a personal location strategy that will make the most of your money, your community, and your life, with success stories from people who flexed their location independence to find homes and work they love. The future of work is clear: it can happen wherever you are. So where do you really want to be?

Becoming a Digital Nomad Chris Backe, 2018-04-06. Presenting the 2019 edition. Imagine living the lifestyle you want while making money and working anywhere in the world. Imagine enjoying the beaches in Thailand one day, then trying the best pizza in Italy the next. It sounds like a dream, travel anywhere you want, make money doing something you enjoy, and live life to the fullest. It's not a dream though, a growing number of digital nomads are leaving the 9 to 5 life and choosing to take control of their life. What's a digital nomad? A person who travels at will, lives where they want, and does their work digitally. They have no cubicle and no dress code. Digital nomads are young, old, male, female, single, married, have children, and are from almost every country on this planet. If you want to become a digital nomad, nothing can stop you. *Becoming a Digital Nomad* offers a proven step-by-step guide to test and transition into the digital nomad lifestyle. It's one part travel guide and one part how-to. Steps build on each other in chronological order, and a dozen worksheets guide you with specific questions to answer. These are freely available to save.
