iii Support Driven The Internet has opened up many freelance opportunities expanded available markets and has contributed
to service sector growth in many economies Offshore outsourcing online outsourcing and crowdsourcing are heavily reliant
on the Internet to provide economical access to remote workers and frequently leverage technology to manage workflow to
and from the employer Much computer freelance work is being outsourced to developing countries outside the United States
and Europe Freelance marketplaces provide a marketplace for freelancers and buyers Service providers or sellers create a
profile where they include a description of the services they offer examples of their work and in some cases information
about their rates Buyers register and complete a basic profile and then post projects outlining their requirements Buyers will
then bid for these projects on a fixed price or hourly basis 29 Many of these websites have user review sections that affect
the reputation of freelancers who list there and which may be manipulated Freelance marketplaces have globalized
competition for some jobs allowing workers in high and low income countries to compete with one another According to a
2016 study by the McKinsey Global Institute 15% of independent workers used online marketplaces to find work These
marketplaces including Fiverr and Lyft have been criticized as exploiting workers Top 10 paying survey sites How to earn
