**Power to the Middle** Bill Schaninger, Bryan Hancock, Emily Field, 2023-07-18

If you're thinking of cutting your midlevel managers in the new world of work think again Middle manager The term evokes a bygone industrial era in which managers functioned like cogs in a vast bureaucratic machine In recent decades midlevel managers became a favorite target for the chopping block underappreciated often considered a superfluous layer of the organization Not only does this outdated perspective need to change but the future demands it In Power to the Middle McKinsey thought leaders Bill Schaninger Bryan Hancock and Emily Field call for a profound reimaging of managers and their roles They explain how middle managers are uniquely positioned close to the ground but with a crucial connection to company strategy enabling them to guide their organizations through periods of rapid and complex change as well as to help shape the new world of work The authors compellingly

illustrate this deep shift in the workplace showing how Managers are the key to winning the war for talent which requires strong people skills to attract and retain the best talent Managers must shift from merely enforcing rules to challenging them serving as critical stopgaps for rules that are ineffective or obsolete Crucially good managers must not be promoted out of their jobs Instead their title and compensation should reflect their high value and allow them to advance within their roles With rich stories and cutting edge research Power to the Middle offers a new model for companies to radically alter the way they hire train and reward their midlevel managers their most valuable asset [HBR Working Parents Starter Set \(5 Books\)](#) Harvard Business Review,Daisy Dowling,Eve Rodsky,Bruce Feiler,Alice Boyes,2022-08-02 All the advice you need to succeed as a first time working parent The year after having your first baby can be one of the most challenging and disorienting periods of your career From finding the best childcare when you return to work to setting expectations with your manager to getting enough sleep so you can show up as the person you want to be and do your job well juggling it all can seem impossible You re not alone but you re going through a tough moment and you need support The HBR Working Parents Starter Set offers insights and practical advice from world class experts on the topics that are the most important to new working parents who want to be great parents and have impactful careers The five books in this set Succeeding as a First Time Parent Getting It All Done Taking Care of Yourself Managing Your Career and Communicate Better with Everyone will teach you how to transition back to work effectively make decisions that align with your priorities find time for personal development and make career choices that work for you and your family There s no simple answer or foolproof tip to make working parenthood easy but the strategies in this collection can help set you on the path toward finding success both in your career and as a parent The HBR Working Parents Series with Daisy Dowling Series Editor supports readers as you anticipate challenges learn how to advocate for yourself more effectively juggle your impossible schedule and find fulfillment at home and at work Whether you re up with a newborn or planning the future with your teen you ll find the practical tips strategies and research you need to make working parenthood work for you **HBR Working Moms Collection (6 Books)** Harvard Business Review,Daisy Dowling,2022-11-22 Manage the competing demands of working motherhood As a working mother you often draw the short straw You carry most of the burden of caregiving and household chores and your career can suffer because of it Bosses and coworkers assume that since you re focused on your family you don t prioritize work But when you choose your job over quality time with your kids it feels like you re letting down the people you love most The HBR Working Moms Collection can help you alleviate this tension Drawing on the wisdom of world class experts and parents alike it will help you strike the right balance between family and work so you can prioritize what matters most and feel fulfilled in all areas of your life The six books in this set Advice for Working Moms Getting It All Done Managing Your Career Taking Care of Yourself Communicate Better with Everyone and Two Career Families will teach you how to transition back to work effectively eliminate working mom guilt balance being a caregiver with being an employee prioritize time to address your
