Grooming Guide for Guys (Expert Fashion Advice for Men) Trina C., 2012-03-02 ABOUT THE BOOK Those pants you cut into knee shorts five years ago are getting threadbare The fringes are so long they flutter in the wind like little strips of crepe paper When you look in the mirror you ignore stuff you don t think is important like nose hairs a few zits here and there bushy eyebrows You ve probably spent your entire life not really caring about personal grooming other than showering shaving and using deodorant And you ve always thought why should you It s the women who need to look good for you right Women like their men to look manly and that means rough hands and filthy fingernails right Yeah not so fast buddy See when a woman sees you she instantly makes a decision about whether you are a potential partner based on how you look If you make a habit of looking like a homeless man in raggedy clothes you might have more luck panhandling on the corner than finding a date What you think doesn t matter does and women are funny creatures they notice little things that you ve never given a second thought like that monobrow you re sporting So how do you go about improving your grooming habits You listen to the experts Learn from women take a few hints from men who always seem to look good Or you can read this easy
