**Doing Things with Words in the First Christian Century** Francis Gerald Downing, 2000-10-01 Although its religious heritage was that of a variegated Judaism the tiny early Christian movement was nevertheless much more complexly and richly linked with the Graeco Roman world in which it came to birth than is usually allowed for In particular ordinary people were capable of a sophisticated use of words that can be detected also in the New Testament writings But the use of words in Graeco Roman times was often very different from what we suppose and this collection of studies attempts to identify some of the anachronisms that still pervade even the best of modern scholarship Order and (Dis)order in the First Christian Century F. Gerald Downing, 2013-08-01 Articulate first century Mediterranean society Jewish and Christian included expressly favoured harmonious order in society in individuals in communication and in thought Its common basis was the patriarchal family the rule of law rational self control and rational thought Yet there was also resistance to oppressive and unjust order in all spheres and while law could be held educative yet there were substantial first century critiques of law not just Paul's and awareness that judicial procedures could be chaotic and biased Strands of such dissidence appear in Jesus and in Paul with significant relevance for any understanding of the early Christian movement's and contemporary Judaism's in Graeco Roman context but also with important implications for any practical reflections and application **The Christian Century**, 1928 **Making Sense in (and of) the First Christian Century** Francis Gerald Downing, 2000-08-01 The first Christian century must be approached with careful attention to its cultural and linguistic heterogeneity It should not simply be assumed that this past is a different place they do things differently there Downing treats the ways in which early Christians tried to make things make sense within their cultures noting both the similarities and differences between their ways and contemporary ones and stressing the variety of contexts and influences on first century communication Downing brings his renowned expertise to bear in illuminating the cultural features of early Christian society with a range of fascinating and telling examples **Judaism and Christianity** Crawford Howell Toy, 1890 *Beeton's Dictionary of literature, fine arts and amusements* Samuel Orchard Beeton, 1888 The Jewish Encyclopedia: Philipson-Samoscz Isidore Singer, 1905 *The Independent*, 1916 **Christian Literature and Review of the Churches**, 1894 The Methodist Review, 1900 **The American Catholic Quarterly Review ...**, 1891 **Biblical Commentary on the Gospels and on the Acts of the Apostles**, 1871 **The Quarterly Review**, 1920 **The Oxford Magazine**, 1910 **Childhood** Mary Allen West, 1887 New-Church Messenger, 1921 *The Theosophic Messenger*, 1912 **The Biblical World** William Rainey Harper, Ernest DeWitt Burton, Shailer Mathews, 1910 Books for New Testament study By Clyde Weber Votaw v 26 p 271 320 v 37 p 289 352 **The Pilgrimage of the Tiber** William Davies, 1875 **The Universalist Leader**, 1929
