Doing A Doctorate In Educational Ethnography:

Doing a Doctorate in Educational Ethnography Geoffrey Walford, 2002 Ethnography has become a major method of researching educational settings Its key strength is its emphasis on understanding the perceptions and cultures of the people and organizations under scrutiny This volume addresses the task of undertaking a doctorate in educational ethnography

Research Methods and Methodologies in Education Robert Coe, Michael Waring, Larry V Hedges, Laura Day Ashley, 2025-04-18 Your 1 resource for carrying out educational research as part of postgraduate study High quality educational research requires careful consideration of every aspect of the process This all encompassing textbook written by leading international experts gives you a considered overview of the principles that underpin research and key qualitative quantitative and mixed methods for research design data collection and analysis This fourth edition includes four new chapters on Doing a literature review Measurement and validity Using R with RStudio Tidyverse Data transparency reproducibility and replicability In addition across the book authors touch on the emergent use of generative AI tools as part of the educational research process Also chapters have been reordered to better reflect the research process and to emphasise commonalities between methodological approaches and tools This is essential reading for postgraduate students on education courses and early career researchers looking to sharpen their research practice **Handbook of Qualitative**

Research in Education Michael R.M. Ward, Sara Delamont, 2020-08-28 This updated second edition unpacks the discussions surrounding the finest qualitative methods used in contemporary educational research Bringing together scholars from around the world this Handbook offers sophisticated insights into the theories and disciplinary approaches to qualitative study and the processes of data collection analysis and representation offering fresh ideas to inspire and re invigorate researchers in educational research *The BERA/SAGE Handbook of Educational Research* Dominic Wyse, Neil

Selwyn, Emma Smith, Larry E. Suter, 2016-12-15 Education has continued to grow in stature and significance as an academic discipline In addition to world renowned research studies the growth of education has been seen in the methodology and methods underpinning its research The BERA SAGE Handbook of Educational Research provides a cutting edge account of the research and methodology that is creating new understandings for education research policy and practice Over two volumes the handbook addresses educational research in six essential components Section 1 Understanding Research Section 2 Planning Research Section 3 Approaches to Research Section 4 Acquiring Data Section 5 Analysing Data Section 6 Reporting Disseminating and Evaluating Research Featuring contributions from more than 50 of the biggest names in the international field The BERA SAGE Handbook of Educational Research represents a very significant contribution to the development of education *Successful Writing for Qualitative Researchers* Peter Woods, Pat Sikes, 2022-03-31 The fully updated third edition of Successful Writing for Qualitative Researchers includes new material on the nature of qualitative research and the significance of contemporary circumstances in which academic writers have to work as well as ethical

considerations and authorial responsibilities It provides a wealth of information and practical tips required to successfully translate qualitative research into writing Using a wide range of examples the authors provide tried and tested methods that explore the mindsets strategies and techniques involved in successful qualitative writing and the opportunities and rewards that are available Considering the continuing pressure on researchers to produce high quality writing in difficult circumstances this book contains a wealth of information and provides guidance on The nature of qualitative research The conditions for successful writing The responsibilities of the author Getting started and keeping going Organising your work Traditional and arts based modes of writing Styles of writing Editing your work Preparing for publication Clear concise and engaging this must read guide is suitable for all those in the social sciences seeking to formulate their qualitative research into writing with maximum effectiveness including undergraduates postgraduates and academics whether in dissertations theses research reports journal and magazine articles conference papers or books **Writing for Publication** Mary Renck

Jalongo,Olivia N. Saracho,2016-05-24 This book offers systematic instruction and evidence based guidance to academic authors It demystifies scholarly writing and helps build both confidence and skill in aspiring and experienced authors The first part of the book focuses on the author s role writing s risks and rewards practical strategies for improving writing and ethical issues Part Two focuses on the most common writing tasks conference proposals practical articles research articles and books Each chapter is replete with specific examples templates to generate a first draft and checklists or rubrics for self evaluation The final section of the book counsels graduate students and professors on selecting the most promising projects generating multiple related yet distinctive publications from the same body of work and using writing as a tool for professional development Written by a team that represents outstanding teaching award winning writing and extensive editorial experience the book leads teacher scholar authors to replace the old publish or perish dictum with a different growth seeking orientation publish and flourish **Becoming an Educational Ethnographer** Juana M.

Sancho-Gil,Fernando Hernández-Hernández,2020-12-28 This book provides practical advice on the learning and teaching perspectives of ethnography including what undertaking research looks like and the experiences it will bring It considers what it means to be and become an educational ethnographer and builds on an inextricable entanglement between the researchers field of study and their research trajectories With a range of carefully chosen international contributions this book uses a variety of practical case studies to provide further information about the pros and cons of this research perspective Chapter authors share the knowledge and experience gained from the research and how it has affected their approach to social phenomena This book is an ideal introduction for anyone considering research approach or becoming an educational ethnographer and will be of interest to researchers already working in this field **Ethnography for**

Education Christopher Pole,Marlene Morrison,2003-12-16 Ethnography is a distinctive approach for educational research The authors argue that the last decade has seen ethnography come of age not only as a way of doing research but also as a

way of theorizing and making sense of the world Their approach is concerned with ethnography as process and ethnography as product This critical celebration of ethnography explores what it can achieve in educational research The book features Thorough discussion of definitions of ethnography and its potential for use within educational research Critical introductions to the principal approaches to ethnography Discussions of data analysis and representation and of the challenges facing ethnography Use of educational examples from real research projects throughout The book offers a distinctive contribution to the literature of ethnography taking readers beyond a simplistic how to approach towards an understanding of the wider contribution ethnography can make to our understanding of educational processes Ethnography for Education is of value to final year undergraduates and postgraduates in education and social science disciplines as well as education professionals engaged in practice based research Christopher Pole is Senior Lecturer at the Department of Sociology University of Leicester His research interests are in the areas of the sociology of education sociology of childhood and the development of qualitative research methods Recent publications include Practical Social Investigation Qualitative and Quantitative Methods in Social Research and Hidden Hands International Perspectives on Children s Work and Labour Marlene Morrison is Reader in Education Leadership and Director of the Doctorate of Education programme at the University of Lincoln Her academic background is in the sociology of education and includes research on race equality health education perspectives on educational policy and practice and the ethnography of educational settings She has researched widely in the education that has included school further and higher education sectors and other public services

Bibliographic Guide to Education
