Domain Linkages and Privatization in Social Security Jun-Young Kim, Per-Gunnar Svensson, 2018-02-06 This title was first published in 2000 This volume is based on papers presented at the sixth International Research Seminar on Issues in Social Security held by FISS on 12-15 June 1999 in Sigtuna Sweden The book relates to the discussion about the merits of improving the incentive structure of social security programmes by privatization The first part contains two important chapters the first looks at the interaction between programmes and how they make one of them to serve the purposes of the other This mechanism is termed domain linkage The second chapter deals with welfare state programmes that contain behavioural risks like health insurance sickness benefits unemployment and disability insurance where moral hazard is a potential problem The second part of the book groups a number of international comparative studies The first three deal with retirement issues and the fourth looks at the development of poverty and income distribution *Ethics and Social Security Reform* Erik Schokkaert, 2017-07-12 This title was first published in 2001 Ethical considerations play a key role in both the theoretical and practical functioning of the welfare state The contributors to this book examine these ethical issues and demonstrate how value judgements must be integrated into any analysis of social security reform

Revival: Ethics and Social Security Reform (2001) Erik Schokkaert, 2017-07-12 This title was first published in 2001 Ethical considerations play a key role in both the theoretical and practical functioning of the welfare state The contributors to this book examine these ethical issues and demonstrate how value judgements must be integrated into any analysis of social security reform

Domain Linkages and Privatization in Social Security Jun-Young Kim, 2017 This title was first published in 2000 This volume is based on papers presented at the sixth International Research Seminar on Issues in Social Security held by FISS on 12-15 June 1999 in Sigtuna Sweden The book relates to the discussion about the merits of improving the incentive structure of social security programmes by privatization The first part contains two important chapters the first looks at the interaction between programmes and how they make one of them to serve the purposes of the other This mechanism is termed domain linkage The second chapter deals with welfare state programmes that contain behavioural risks like health insurance sickness benefits unemployment and disability insurance where moral hazard is a potential problem The second part of the book groups a number of international comparative studies The first three deal with retirement issues and the fourth looks at the development of poverty and income distribution Provided by publisher *Social Exclusion and Labour Market Challenges in the Western Balkans* Will Bartlett, Vassilis Monastiriotis, Panagiotis Koutroumpis, 2020-08-27 This edited volume focuses on the challenges facing the Western Balkan countries in their efforts to deal with social exclusion and social inequality while making progress in their reform efforts to join the European Union It examines how states have failed to offer adequate social protection to those excluded from labour markets including women young people and Roma ethnic minorities a process that has driven high rates of outward migration It also provides a detailed introduction to the main

conclusions of the various contributions gathered here and an overview of the lessons learned which will be of direct interest to policy makers and practitioners in the field of social cohesion in the Western Balkans The chapters of this book are revised and updated versions of papers that were first presented at a conference of the LSEE Research Network on Social Cohesion held in Skopje in 2017 comprising the latest research by leading scholars from the region **Welfare to Work in Practice**

Peter Saunders,2017-07-05 Welfare to Work in Practice brings together some of the leading international social security experts to discuss the rationale for welfare to work policies their limitations and problems encountered in practice Contributors include Jane Millar Neil Gilbert Martin Werding Jonathan Bradshaw and Einar Overbye who address topics ranging from the linkages between social security and the labour market to how the welfare to work agenda is responding to the needs of special groups such as lone parents the long term unemployed and those with a disability The book puts the arguments and ideas that underlie the new welfare reform agenda under the microscope and explains how it is being implemented in an international context Several new data sets are analyzed in a collection that covers developments in Australia Belgium Denmark Estonia Germany Norway the UK and the US as well as several comparative studies In doing so this volume helps to bridge the gap between research and policy and demonstrates how policy can respond to the challenges it faces **Confidence and Changes Managing Social Protection in the New Millennium** Danny Pieters,2001-12-06

The confidence of wage earners who depend on an administrative safety net to protect them from loss of income has virtually disappeared Social exclusion and poverty have become inescapable threats for the average worker It was to tackle this enormously important issue that the European Institute of Social Security EISS a leading multidisciplinary research group dedicated to exploring the frontiers of social security met in June 2000 in Gand teborg in Sweden Twenty members of the Institute prepared papers for delivery at the conference all of which are now printed in this book These papers include discussion of such elements as the following the shift in emphasis from compensation for loss of income to a more preventive approach based on income security measures against social exclusion enacted by the European Union the meaning of the term employability as revealed in EU Member States National Action Plans NAPs the growing pressure on beneficiaries to perform rather than conform the interplay in international law between human rights and social security labour market participation according to gender and educational level labour market participation among families with young children the promise of a federal social security system in Europe and objective standards vs moral hazard in labour market insurance Various reform initiatives including the controversial debate on private sector funding are also covered making Confidence and Changes the most wide ranging and provocative book on the subject available today **Yearbook of International**
