Dominoes for Complete Beginners Robert Ticker,2021-01-17 There are a variety of types of domino sets in use all over the world and a great number of games that can be played with them Following are the rules for the two most commonly played games in the West the standard or Block game and the Draw game The instructions describe the games played with the standard or double six domino set comprising 28 tiles but both games can be played with a double nine or a double twelve set In British pubs these are also the most common games which are often played by four players as two sets of partners sitting opposite each other The dominoes are ritually shuffled face down in circles with the flat of the hand producing a sound that has been familiar down the centuries Each player draws 6 dominoes and places them so that the other players can't see their value The traditional English pub method of doing this is face down in two rows of three so that all six can be picked up with both hands looked at and returned leaving the other hand free for the equally important business of drinking a pint Beginners can just place them on their edge in a row facing them Remaining dominoes are termed sleeping tiles The first person to play is that person holding the double six or failing that the double five and so on The tile played must be the double tile that permitted the player to take the first turn If none of the players hold a double then the tiles are reshuffled and re drawn Get your copy today by scrolling up and clicking Buy Now to get your copy today
