Don Juans Note:

The Curious Case of Dr. Castaneda's Twelve Pages of Field Notes F. Lawrence Fleming, 2023-01-05 My previous book about the author Carlos Castaneda *Making Sense of the Life and Works of Carlos Castaneda* F Lawrence Fleming published 2018 was an attempt to show that although evidence appears to show that Castaneda did actually work with a Yaqui Indian sorcerer the publications concerning his fieldwork were largely fraudulent In this present book I shall attempt to show what sort of person the character don Juan in the books by Carlos Castaneda may have been in real life and how his remarkable personal philosophy can be inferred from what I assert is Castaneda's grossly corrupted version of the teachings of Don Juan in his published works

Incarceration and Slavery in the Middle Ages and the Early Modern Age Albrecht Classen, 2021-10-19 People in the Middle Ages and the early modern age more often suffered from imprisonment and enslavement than we might have assumed Incarceration and Slavery in the Middle Ages and the Early Modern Age approaches these topics from a wide variety of perspectives and demonstrates collectively the great relevance of the issues involved Both incarceration and slavery were and continue to be most painful experiences and no one was guaranteed exemption from it High ranking nobles and royalties were often the victims of imprisonment and at times had to wait many years until their ransom was paid Similarly slavery existed throughout Christian Europe and in the Arab world However while imprisonment occasionally proved to be the catalyst for major writings and creativity slaves in the Ottoman empire and in Egypt succeeded in rising to the highest position in society Janissaries Mamluks and others

Discordant Notes Samuel Llano, 2018-10-31 Scholarship on urban culture and the senses has traditionally focused on the study of literature and the visual arts Recent decades have seen a surge of interest on the effects of sound the urban space and its population These studies analyse how sound generates identities that are often fragmentary and mutually conflicting They also explore the ways in which sound triggers campaigns against the negative effects of noise on the nerves and health of the population Little research has been carried out about the impact of sound and music in areas of broader social and political concern such as social aid hygiene and social control Based on a detailed study of Madrid from the 1850s to the 1930s *Discordant Notes* argues that sound and music have played a key role in structuring the transition to modernity by helping to negotiate social attitudes and legal responses to problems such as poverty insalubrity and crime Attempts to control the social groups that own unwanted musical practices such as organ grinding and flamenco performances in taverns raised awareness about public hygiene alcoholism and crime

and triggered legal reform in these areas In addition to scapegoating marginalising and persecuting these musical practices the authorities and the media used workhouse bands as instruments of social control to spread aural hygiene across the city
