The Complete Works of W. H. Auden Wystan Hugh Auden, 2002 V 1 This book contains all the essays and reviews that W H Auden wrote during the years when he was living in England and also includes the full original versions of his two illustrated travel books Letters from Iceland written in collaboration with Louis MacNeice and Journey to a War written in collaboration with Christopher Isherwood Auden's early prose ranges from extravagant indiscreet travel diaries through sharply observed critiques of writers from John Skelton to Winston Churchill It includes studies of communism and Christianity audaciously wide ranging essays on literature psychology and politics and writings about gossip sex prisons and schools V 2 W H Auden's first ten years in the United

States were marked by rapid and extensive change in his life and thought. He became an American citizen, fell in love with Chester Kallman, and began to reflect on American culture and to explore the ideas of Reinhold Niebuhr and other Protestant theologians. This volume contains every piece of prose that Auden wrote during these years, including essays and reviews he published under a pseudonym. Most have never been reprinted in any form since their initial publication in such magazines and newspapers as *the Nation*, *the New Republic*, *Common Sense*, *Vogue*, and *the New York Times*. V 3 This volume contains all of W. H. Auden's prose works from 1949 through 1955, including many little-known essays that exemplify his range, wit, depth, and wisdom. The book includes the complete text of Auden's first separately published prose book, *The Enchaf'd Flood*, or *The Romantic Iconography of the Sea*, followed by more than one hundred separate essays, reviews, introductions, and lectures, as well as a questionnaire complete with his own answers about the reader's fantasy version of Eden. Two reviews that Auden wrote for *the New Yorker* but which the magazine never printed appear here for the first time, and a series of aphorisms previously published only in a French translation are printed in English. Among the previously unpublished lectures is a long account of the composition of his poem *Prime*, complete with his comments on early rejected drafts. The variety of style and subject in this book is almost inexhaustible. Auden writes about the imaginary mirrors that everyone carries through life, French existentialism, and *New Yorker* cartoons. He discusses Freud, Kierkegaard, Dostoyevsky, and Camus; Keats, Cervantes, Melville, Colette, Byron, Virgil, Yeats, Tolkien, and Virginia Woolf; opera, ballet, cinema, prosody, and music; English and American poetry and society and politics and religion. The introduction by Edward Mendelson places the essays in biographical and historical context, and the extensive textual notes explain obscure contemporary references and provide an often amusing history of Auden's work as an editor of anthologies and a series of books by younger poets. V 4 This fourth volume of W. H. Auden's prose provides a unique picture of this legendary writer's mind and art when he was at the height of his powers, from 1956 through 1962, including the years when he was Professor of Poetry at Oxford. The volume includes his best-known and most important prose collection, *The Dyer's Hand*, as well as scores of essays, reviews, and lectures on subjects ranging from J. R. R. Tolkien and Martin Luther to psychedelic drugs, cooking, and Homer. Much of the material has never been collected in book form, and some selections, such as the witty orations Auden wrote for ceremonies at Oxford University, are almost entirely unknown. Edward Mendelson's introduction and comprehensive notes provide biographical and historical explanations of all obscure references. The text includes extensive corrections and revisions that Auden marked in personal copies of his work and which are printed here for the first time. V 5 This fifth volume of W. H. Auden's prose displays a great writer's mind in its full maturity of wisdom, learning, and emotional and moral intelligence. It contains his most personally revealing essays, the ones in which he wrote for the first time about the full history of his family life, his sexuality, and the development of his moral and religious beliefs. Among these works are the lightly disguised autobiographies that appear in long essays on the Protestant mystics and on Shakespeare's sonnets. The book also features the full text of his T. S. Eliot Memorial Lectures. Secondary

Worlds and many unpublished or unavailable lectures and speeches Edward Mendelson's introduction and comprehensive notes provide biographical and historical explanations of obscure references The text includes corrections and revisions that Auden marked in personal copies of his work and that are published here for the first time V 6 This sixth and final volume of W H Auden's prose displays a great writer's mind in its full maturity of wisdom learning and emotional and moral intelligence It contains the full text of the only book that he regarded as an autobiography A Certain World in which he portrayed himself by selecting and commenting on writings by others that most affected him throughout his life It also features late essays and reviews that in many cases present lightly disguised autobiographies among them the most detailed account of his sexuality in Papa Was a Wise Old Sly Boots The appendixes gather lectures and public talks that are otherwise unpublished or unavailable Edward Mendelson's comprehensive notes provide biographical and historical explanations of obscure references The text includes corrections and revisions that Auden marked in personal copies of his work and that are published here for the first time Amazon.com
