Svendsen, 2003-10-30 *A Doctor's Diary in Damaraland* Henry Francis Bell Walker, 1917 **Donkey** Jill Bough, 2012-01-01 Though donkeys have historically been among our most useful domesticated animals from plowing fields to navigating difficult terrain they have been much maligned in popular culture and given very little respect So much so that their perceived qualities of stupidity and stubbornness have made their way into the language of insult But in Donkey Jill Bough champions this humble creature proving that after 10 000 years of domestication this incredibly hard working animal deserves our appreciation Bough reveals the animal's historic significance in Ancient Egypt where it was once highly regarded even worshipped However this elevated status did not endure in Ancient Greece and Rome where donkeys were denigrated ridiculed and abused Since that time donkeys have continued to be associated with the poorest and most marginalized in human societies All that time and all over the world donkeys continue to be used for innumerable tasks and even today donkeys are considered to be one of the best draught animals in developing nations where they continue to make a vital contribution Bough rounds out her account with a look at the variety of social cultural and religious meanings that donkeys have embodied especially in literature and art With accounts that are both fascinating and touching this cultural history of the donkey will inspire a new respect and admiration for this essential creature *From a Doctor's Diary* Charles Vere Nicoll, 1960 *Leaves from a Doctor's Diary* Maurice Chideckel, 1940 **Dust Donkeys and Delusions** Graham Wilson, 2012-05-08 Dust Donkeys and Delusion examines and clinically debunks the myth that has grown up around Private John Simpson Kirkpatrick the so called Man with the Donkey the quintessential Australian hero of Gallipoli While the various elements of the Simpson myth have now become popularly accepted as history Dust Donkeys and Delusion shows clearly based on historical documents both official and unofficial that almost every word ever spoken or written about Simpson following his death is false *Harper's Weekly* John Bonner, George William Curtis, Henry Mills Alden, Samuel Stillman Conant, Montgomery Schuyler, John Foord, Richard Harding Davis, Carl Schurz, Henry Loomis Nelson, John Kendrick Bangs, George Brinton McClellan Harvey, Norman Hapgood, 1874 **The Joseph M.
