

Mommy said, "Were you a good girl? Did you do everything they told you to do?"

Allison, speaking very softly, said, "I was good. I obeyed. My teacher is nice, but I don't like the juice at school. They call it 'magic juice,' but it tastes funny."

And the teacher said, "She may be pretty tired and go to sleep early. She played so hard today."

The Big Smallness Michelle Ann Abate, 2016-02-12 This book is the first full length critical study to explore the rapidly growing cadre of amateur authored independently published and niche market picture books that have been released during the opening decades of the twenty first century Emerging from a powerful combination of the ease and affordability of desktop publishing software the promotional marketing and distribution possibilities allowed by the Internet and the tremendous national divisiveness over contentious socio political issues these texts embody a shift in how narratives for young people are being creatively conceived materially constructed and socially consumed in the United States Abate explores how titles such as *My Parents Open Carry* about gun laws *It's Just a Plant* about marijuana policy and *My Beautiful Mommy* about the plastic surgery industry occupy important battle stations in ongoing partisan conflicts while they are simultaneously changing the landscape of American children's literature The book demonstrates how texts like *Little Zizi* and *Me Tarzan You Jane* mark the advent of not simply a new commercial strategy in texts for young readers they embody a paradigm shift in the way that narratives are being conceived constructed and consumed Niche market picture books can be seen as a telling barometer about public perceptions concerning children and the social construction of childhood as well as the function of narratives for young readers in the twenty first century At the same time these texts reveal compelling new insights about the complex interaction among American print culture children's reading practices and consumer capitalism Amateur authored self published and specialty subject titles reveal the way in which children's childhood and children's literature are both highly political and heavily politicized in the United States The book will be of interest to scholars and students in the fields of American Studies children's literature childhood studies popular culture political science microeconomics psychology advertising book history education and gender studies **Satan's Silence** Debbie

Nathan, Michael Snedeker, 2001 Communities throughout the United States were convulsed in the 1980s and early 1990s by accusations often without a shred of serious evidence that respectable men and women in their midst many of them trusted preschool teachers secretly gathered in far reaching conspiracies to rape and terrorize children In this powerful book Debbie Nathan and Mike Snedeker examine the forces fueling this blind panic The Morals of Monster Stories Leslie

Ormandy, 2017-08-07 The simplicity of children's picture books stories told with illustrations and a few well chosen words or none at all makes them powerful tools for teaching morals and personal integrity Children follow the story and see the characters behaviors on the page and interpret them in the context of their own lives But unlike many picture books most children's lives don't feature monsters This collection of new essays explores the societally sanctioned behaviors imparted to children through the use of monsters and supernatural characters Topics include monsters as instructors the normalization of strangers or the other fostering gender norms and therapeutic monsters among others *The New Frontier* Wayne L
