Dust Off:

Dust Off Peter Dorland, James S. Nanney, 2001-07 **Dust Off** The Village Carpenter, Minister Charles Lee Emerson, 2007-12-01

The first time I heard the words DUST OFF was in Vietnam You see I was a helicopter pilot and the lifting of the wounded or dead soldiers was called DUST OFF Now some thirty seven years later I get the following information sent to our ministry First I am going to tell you a little about my family and me My name is Jeff I am a Police Officer for a city which is known nationwide for its crime rate We have a lot of gangs and drugs At one point we were 2 in the nation in homicides per capita I also have a police K 9 named Thor He was certified in drugs and general duty He retired at 3 years old because he was shot in the line of duty He lives with us now and I still train with him because he likes it I always liked the fact that there was no way to bring drugs into my house Thor would not allow it He would tell on you The reason I say this is so you understand that I know about drugs I have taught in schools about drugs My wife asks all our kids at least once a week if they used any drugs Makes them promise they won't I like building computers occasionally and started building a new one in February 2005 I also was working on some of my older computers They were full of dust so on one of my trips to the computer store I bought a 3 pack of DUST OFF DUST OFF is a can of compressed air to blow dust off a computer A few weeks later when I went to use one of them they were all used I talked to my kids and my two sons both said they had used them on their computer and messing around with them I yelled at them for wasting the 10 dollars I paid for them On February 28 I went back to the computer store They did not have the 3 pack which I had bought on sale so I bought a single jumbo can of DUST OFF I went home and set it down beside my computer On March 1st I left for work at 10 PM Just before midnight my wife went down and kissed Kyle goodnight At 5 30 AM the next morning Kathy went down stairs to wake Kyle up for school before she left for work He was propped up in bed with his legs crossed and his head leaning over She called to him a few times to get up He did not move He would sometimes tease her like this and pretend he fell back asleep He was never easy to get up She went in and shook his arm He fell over He was pale white and had the straw from the DUST OFF can coming out of his mouth He had the new can of DUST OFF in his hands Kyle was dead I am a police officer and I had never heard of this My wife is a nurse and she had never heard of this We later found out from the coroner after the autopsy that only the propellant from the can of DUST OFF was in his system No other drugs Kyle had died between midnight and 1 AM I found out that using DUST OFF is being done mostly by kids ages 9 through 15 They even have a name for it It is called dusting A take off from the DUST OFF name It gives them a slight high for about 10 seconds It makes them dizzy A boy who lives down the street from us showed Kyle how to do this about a month before Kyle showed his best friend Told him it was cool and it could not hurt you Its just compressed air It cannot hurt you His best friend said no Kyle was wrong It is not just compressed air It also contains a propellant called R2 It is a refrigerant like what is used in your refrigerator It is a heavy gas heavier than air When you inhale it it fills your lungs and keeps the good air with oxygen out

that is why you feel dizzy buzzed It decreases the oxygen to your brain to your heart Kyle was right It cannot hurt you IT KILLS YOU The horrible part about this is there is no warning There is no level that kills you It is not cumulative or an overdose it can just go randomly terribly wrong Roll the dice and if your number comes up you die IT S NOT AN OVER DOSE It is Russian Roulette **Call Sign "Dustoff"** Darrel D.
