Duty Entitlement Pab Scheme 200203:

Daily Graphic Ransford Tetteh, 2008-12-18 From Bilateralism to Community Interest Ulrich Fastenrath, 2011 This festschrift dedicated to Judge Bruno Simma traces the development of international law from regulating bilateral state to state relationships towards strengthening the entire international community by protecting human security the global environment and human rights It provides both theoretical and practical insights into these sometimes conflicting goals their basis in international law and the role played by international institutions charged with upholding these values and interests The work thus examines the mechanism by which international law contributes to the realization not only of individual State interests but the interests of the international community as a whole From this vantage point it looks at the various functions that international law fulfills in the international community from law making and institution building towards adjudication and the securing of human rights Taken together the contributions to this book paints a detailed but nevertheless comprehensive picture of the realization of community interest in contemporary international law As professor and judge Bruno Simma has contributed to all of these tasks providing ground breaking theoretical work serving in the International Law Commission and in the Committee for Economic Social and Cultural Rights and finally as a judge at the International Court of Justice in The Hague The three introductory chapters express this unity of life and work **EU Law for UK**

Lawyers Aidan O'Neill, 2011-07-27 This is the second edition of this wide ranging survey of EU law The new edition has been significantly enlarged Unlike many other EU law books it takes full account not only of the Lisbon Treaty changes to the EU treaties but also of the fact that the EU Charter of Fundamental Rights now has the same legal value as the EU Treaties It therefore not only covers the relevant case law of the Court of Justice of the European Union but also ties that case law into the decisions of the European Court of Human Rights because it is clear that EU law can only now properly be understood and applied against this background of European fundamental rights jurisprudence The book sets out very clearly the broad shape of the European Union's legal systems while also giving the reader a good feel for the policy motivations in the Court of Justice of the European Union and the scope of EU legislative activity Written in a lively and accessible style it is an ideal guide for practitioners whether those coming to the subject for the first time or those already with a background in EU law Among the additions and changes in this expanded edition the book includes new chapters on the EU and fundamental rights on commercial agency on criminal law and on private international law in the EU It also contains a full treatment of EU equality law The first edition *EC Law for UK Lawyers* by Aidan O'Neill and Jason Coppel ISBN 9780406024596 was published by Butterworths in 1994 Transparency and Public Accountability Fiscal Mismanagement Lack of Public Accountability Nihal Sri Ameresekere, 2011 This Book appallingly unravels insights into fiscal mismanagement devoid of public accountability under the purview of IMF World Bank ADB international developmental agencies et al Perverse amnesties were surreptitiously enacted into law by Parliament transgressing the social contract and public trust doctrine also

frustrating the right of the citizenry to challenge their constitutionality Amnesties granted immunity and pardon for offences such as terrorism funding money laundering drug peddling human trafficking proceeds of crime etc in contravention of international conventions including UN Security Council Resolution on terrorism financing The Supreme Court condemned the Statute as inimical to the rule of law violative of the Universal Declaration of Human Rights and International Covenant on Civil however with strange resistance against enforcement The Book also reveals how Parliament ignored an Auditor General s Special Report on gross negligence of revenue administration and colossal VAT frauds with tardy enforcement of the rule of law The Book also deals with challenges in the Supreme Court against the Appropriation Bill the Budget for non disclosure of borrowings and for lacking transparency with the Ministry of Finance being castigated for operating a Budget within a Budget with dubious expenditures sans accountability This Book reveals realities in fiscal mismanagement at highest levels disclosing indifference and condoning by international agencies This is an invaluable Book for advocates of good governance and combat of economic crime fraud and corruption and those interested in public finance and law and constitutional obligations of social contract and public trust
