Dvd Storm Tactics:

Self Sufficient Sailor 3rd edition Lin Pardey, Larry Pardey, 2019-11-01 This book is just what the title says It is the distillation of what the Lin and Larry learned during more than 47 years of sailing together years during which they covered more than 210 000 miles on board their two cutters Seraffyn and Taleisin and on scores of other boats they have delivered or raced Lin and Larry tell how they have sailed in comfort and safety without large cash outlay on a pay as you earn as you go plan and by simplifying The first two editions of this invaluable text have seen more than 60 000 copies reach people who dream of setting sail be it for a weekend voyage across to an offshore island or for a world circumnavigation Lin continues voyaging now she is well into her seventh decade of life Armed with what she is learning as she explores the islands and far corners of the Tasman Sea she has updated and revised the information found in the original edition plus added several new chapters Amidst the new material is an extensive look at the lessons learned as Lin and Larry safely negotiated the stormy waters around Cape Horn and beyond This book could help you cut the ties that bind you to shore *Taleisin's Tales* Lin Pardey, Larry Pardey, 2017-01-05 The Capable Cruiser Lin and Larry Pardey, 2010-06-08 Lin and Larry Pardey have now been cruising on board their own boats racing delivering and repairing other people's boats for more than 44 years After west to east and east to west circumnavigations and voyages to more than 75 countries they have a breadth of knowledge that few other boating authors possess Most of the voyaging has been done on an earn as you go budget that could be well within the reach of the majority of those whose dream is to set sail Their motto Go small go simple but go now The Pardeys strengths are neatly symbolized by the boats they have built Each one is romantically traditional with swooping sheerlines and is completely dependent on the wind And yet each boat carries the best strongest and most seamanlike gear Like their vessels the Pardeys writings are founded on a marriage of the spirit of romantic adventure and the practical up to date seamanship that keeps them and their boats safe This revised and expanded third edition of a cruising classic includes 10 completely new chapters with such advice as sixteen ways to encourage your lover partner to share your dream strategies for turning sudden engine failure into a minor incident choosing safety equipment repairing rigging at sea All of the original chapters have been updated to ensure that the information will be helpful for everyone who dreams of cruising whether now or soon The Capable Cruiser is a logical extension of the Pardeys The Self Sufficient Sailor with more emphasis on seamanship underway including careful analysis of extreme anchoring situations and solutions for mitigating them Underlying each and every chapter is the warmth and encouragement that spurred Herb McCormick former editor of Cruising World magazine to label Lin and Larry Pardey the enablers **Bull Canyon** Lin Pardey, 2011 After spending eleven years sailing around the globe husband and wife Larry and Lin Pardey decide to spend some time as landlubbers in Bull Canyon California and build their own boat where they experience perhaps their most adventurous voyage yet **The Care and Feeding of Sailing Crew** Lin Pardey, Larry Pardey, 2014-06-03 The Care and Feeding of Sailing Crew despite the title is

hardly a cookbook rather it s a primer on successful cruising Certainly anyone contemplating or preparing for off shore passages would want to read and then keep this volume aboard A 50 day passage from Japan to Victoria Canada in 1979 provides Lin a base for discussing everything from menus to clothing to choosing a fresh chicken to dealing with port officials to preventing sea sickness to buying liquor abroad as well as the best material for underwear Lin and Larry have been full time cruisers and professional sailors for some 40 plus years it s all that they do They ve learned a lot and a great deal of their wisdom appears in this book where specific situations mix with general guidelines As a bonus Lin writes very well She s able to seamlessly tie one subject to the next in a style that seems like great conversation rather than reading a how to do it text By structuring the flow of information in and around the process of food preparation while experiencing the joys and travails of a very long passage she provides the reader with a good cruising tale enhanced with a thousand useful tips Tips vary from entertaining aboard to coping with money transfers There are great tips on provisioning in foreign ports as well as a strong suggestion to only go a short distance before anchoring following a farewell party Excellent chapters will help insure your crew stays healthy and well rested Others deal with creating an ideal galley From big ideas to small tips all are presented logically and with useful illustrations Learn why credit cards are safer to use than debit cards how to keep eggs for up to 3 months without refrigeration How you can determine which engine parts are likely to fail which plastic material makes the best water jugs how Lin outsmarted weevils and learned to bake fresh bread Find out which galley layout works best offshore Rain water catchers how to make the best kind On board trash collection and dealing with black water in boats lacking holding tanks Which cutlery and dinnerware holds up best Standing watches getting rest and using Dramamine as a sleeping aid The book covers everything from the value of a little black cocktail party dress to the safety of double sinks Finally intertwined in the cornucopia of wisdom is meal after nourishing meal sure to lift the spirits of a weary crew Those recipes and cooking tips alone make for a book of great value All the other info is just priceless gravy This fourth edition of The Care and Feed of Sailing Crew incorporates ideas and information gathered by Lin and Larry during their more recent voyages through the Line Islands and south through the Pacific to New Zealand The majority of chapters have been expanded to include the most up to date information on sources supplies and new technology Additional recipes and cooking ideas for use on cruising boats of all sizes have been added to ensure this valuable reference source continues to be relevant for all sailors who venture away from home be it for a weekend cruise to nearby islands or a voyage around the world Details of Classic Boat Construction Larry Pardey, 2010-04-26 Larry Pardey is accepted as one of the master craftsman of the wooden boat building world He and his wife Lin have built and repaired many boats including two strong handsome cruising cutters and sailed twice around the world in them This impressive book shows the process of constructing a boat hull with extensive photographs and drawings and includes ample time saving procedures From financial and time planning lofting floors and framing selection of materials planking and spiling design considerations to deck beams man hour norms and details critical

to wooden boat construction this volume serves as the most comprehensive guide a potential builder could ever use Readers will also appreciate the discussions of how to select from numerous construction methods and materials how to set up the shop and tips for sharpening and making your own tools The new appendix on proper adhesive selection is must reading

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
