Dying And Living One Mans Life With Cancer:

Reconstructing Illness Anne Hunsaker Hawkins,1999 Serious illness and mortality those most universal unavoidable and frightening of human experiences are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times As modern medicine has become more scientific and dispassionate a new literary genre has emerged pathography the personal narrative concerning illness treatment and sometimes death Hawkins s sensitive reading of numerous pathographies highlights the assumptions attitudes and myths that people bring to the medical encounter One factor emerges again and again in these case studies the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease Pathography allows the individual person a voice one that asserts the importance of the experiential side of illness and thus restores the feeling thinking experiencing human being to the center of the medical enterprise Recommended for medical practitioners the clergy caregivers students of popular culture and the general reader **Reconstructing Illness** demonstrates that only when we hear both the doctor s and the patient s voice will we have a medicine that is truly human **The Practice of Autonomy** Carl Schneider,1998 Exploring what patients do want gives direction to the author s inquiry into what they should want What patients want he believes is properly more complex and ambiguous than being empowered In this book he charts that ambiguity to take the autonomy principle past current pieties into the uncertain realities of the sick room and the hospital ward **The Practice of Autonomy** is a sympathetic but trenchant study of the animating principle of modern bioethics It speaks with freshness insight and even passion to bioethicists and moral philosophers about their theories to lawyers about their methods to medical sociologists about their subject to policy makers about their ambitions to doctors about their work and to patients about their lives **BOOK JACKET** **Dying & Living** Kenneth Allen Shapiro,1985 The author a successful businessman describes his seven year struggle against cancer recounts his experiences with surgery and chemotherapy and explains how the disease has affected his family life **Best Life** ,2007-10 Best Life magazine empowers men to continually improve their physical emotional and financial well being to better enjoy the most rewarding years of their life **AAAS Science Book List, 1978-1986** Kathryn Wolff,Susan M. bigger context as part of a larger story you start to see the magic that is on the pages of the book that is my life And the more you look the more you see Or at least I do In this vulnerable book he takes us for the first time into his own challenging life story and what it was like growing up in rural America with little money and even less family stability This is the story of a man searching for meaning and security in a world that offered neither And it s the story of a man who finally gives it all to a power higher than himself and soon meets a young woman who will change his heart forever In This Life I Live Rory Feek helps us not only to connect more fully to his and Joey s story but also to our own journeys He shows what can happen when we are fully open in life s key moments whether when meeting our life companion or tackling an unexpected tragedy He also gives never before revealed details on their life together and what he calls the long goodbye the blessing of being able to know that life is going to end and taking advantage of it Rory shows how we are all actually there already and how we can learn to live that way every day A gifted man from nowhere and everywhere in search of something to believe in A young woman from the Midwest with an angelic voice and deep roots that just needed a place to be planted This is their story Two hearts that found each other and touched millions of other hearts along the way *The Critical Review* ,1996
