Reader's Guide to Women's Studies Eleanor Amico, 1998-03-20 The Reader's Guide to Women's Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women's studies. Some 200 scholars have contributed to the project which adopts a multi-layered approach allowing for comprehensive treatment of its subject matter. Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors.

Freedom to Differ Diane Helene Miller, 1998-08-01 Many of us have grown up with the language of civil rights yet rarely consider how the construction of civil rights claims affects those who are trying to attain them. Diane Miller examines arguments lesbians and gay men make for civil rights revealing the ways these arguments are both progressive in terms of helping to win court cases seeking basic human rights and limiting in terms of framing representations of gay men and lesbians. Miller incorporates case studies of lesbians in the military and in politics into her argument. She discusses in detail the experiences of Colonel Margarethe Cammermeyer who was dishonorably discharged from the National Guard after 27 years of service when she revealed that she was a lesbian and Roberta Achtenberg who was nominated by Clinton for the job of Assistant Director of Housing and Urban Development and became the first gay or lesbian to face the confirmation process. Drawing on these cases and their outcomes, Miller evaluates the advantages and disadvantages of privileging civil rights strategies in the struggle for gay and lesbian rights.

On Feminist Ethics and Politics Claudia Card, 1999 For years mainstream feminist ethics focused criticism on male supremacy. Feminist philosophers in this volume adopt a less male-focused stance to look closely at oppression's impact on women's agency and on women's relations with women. Examining legal, social, and physical relationships, these philosophers confront moral ambiguity, moral compromise, and complicity in perpetuating oppression. Combining personal experience with philosophical inquiry, they vividly portray their daily engagement with oppression as both victims and perpetrators. They explore such issues as how pornography silences women and radical feminist politics complicity in racism. Among these insightful essays, Sandra Bartky argues that women share guilt for racism when they benefit from it without protest. Susan Brison reflects on uses of narrative in trauma recovery from such experiences as being targeted for rape or murder. Joan Callahan examines fallout of derogatory speech directed at lesbians. Virginia Held proposes carrying care into marketplaces and governments and in her introduction, Claudia Card draws on Primo Levi's conception of gray zones in exploring dangers of character damage to victims of misogyny. A fitting companion to Card's highly regarded *Feminist Ethics*, this volume interweaves observations on character, political ethics, violence, and love into an accessible sourcebook for students. It tackles some of feminism's most pressing issues and helps readers to identify and then overcome the real damage caused by oppression.

philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report The Family Silver Susan Krieger,1996-10-21 A magnificent read a profoundly personal narrative The Family Silver is on the cutting edge of feminist scholarship Verta Taylor coeditor of Feminist Frontiers Just as Krieger's The Mirror Dance was the first to describe the lesbian community The Family Silver is the first book to blend the personal familial relational professional and political roles of lesbians in today's society I loved reading it Esther Rothblum editor of Journal of Lesbian Studies *The Lesbian Menace* Sherrie A. Inness,1997 Electroschock Hysterectomy Lobotomy These are only three of the many cures to which lesbians have been subjected in this century How does a society develop such a profound aversion to a particular minority In what ways do images in the popular media perpetuate cultural stereotypes about lesbians and to what extent have lesbians been able to subvert and revise those images This book addresses these and other questions by examining how lesbianism has been represented in American popular culture in the twentieth century and how conflicting ideologies have shaped lesbian experiences and identity Book Jacket Feminist Periodicals ,1996 **Lesbians in Print** Margaret Gillon,1995 **Lgbt, Encyclopedia of Lesbian, Gay, Bisexual, and Transgender History in America: H.D. to queer theory** Marc Stein,2004 Online version of the 3 vol work published by Gale providing a comprehensive survey of lesbian and gay history and culture in the United States NOTIS Users' Group Meeting NOTIS Users' Group. Women's Studies Librarian,1997 Feminist Studies ,1994 *Philosophy* Brooke Noel Moore,Kenneth Bruder,2001 One of the most widely adopted texts in the field Philosophy The Power of Ideas offers a topical introduction to philosophy within an overarching historical framework The goal of the authors is to make philosophy understandable while not oversimplifying the material showing that philosophy contains powerful ideas that affect the lives of real people *Whiteness* Chris J. Cuomo,Kim Q. Hall,1999 Written in an engaging narrative style these philosophical investigations undermine racist hierarchies along with false naturalistic conceptions of the meanings of race and universalistic understandings of gender by considering whiteness as it shapes and is infused by gender class sexuality and culture Central to this project are questions about how it is that culture and the state create such a wide range of different people who understand themselves as white The essays collected here discuss how one learns to be a good white Southern woman what it means to pass as white and whether there really is a dilemma that accompanies white privilege *NWSA Journal* ,1994 The Women's Movement Barbara Ryan,1996 In this book the author has compiled a comprehensive annotated bibliography of critical resources associated with the most consequential matters facing the women's movement **New Literature on Women** ,1995 *The Advocate* ,1994
