The Legend and the Poet. A Collection of Biographical and Critical Essays. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **A Dictionary of the Avant-Gardes** ,2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture **The World of Dylan Thomas** Derek Cyril Perkins,Dylan Thomas,1975 **Restless Travellers** Antonio José Miralles Pérez,2011-08-08 The first part of this book deals with Britain s imperial age its militants and its critics The selection of works generates a large field of debate explored using traditional or innovative approaches The 19th century is presented as a time for writers J E Aylmer E Marryat Norris G A Henty Conan Doyle who tell stories of Europeans venturing forth into uncivilised regions of the world where they meet other races But writers of a different outlook are also considered Before the twilight of Empire women were born in England Virginia Woolf and in Ireland Elizabeth Bowen who would use the ductile means of literature to narrate journeys into the female self instead of masculine tales set in distant lands The imperial experience is a subject of concern and reflection with special interest when authored by natives of former colonies such as Michael Ondaatje s Hindu Sirk hero in The English Patient and the Nigerian girls in some of Patience Agbabi s poems The idea of travelling into or out of the culture to which one apparently belongs and the contradictory feelings such an experience causes pervades the writer s mind and the ensuing narrative The second part can be regarded as a North American miscellany mostly devoted to the African culture although also dealing with European heritage In order to recognise Asian and South American influences as well authors such as Fred Wah Ariel Dorfman and Julia Alvarez have been included Black literature is represented by two 19th century writers Mary Ann Shadd and Martin R Delany who remind us of the fight against slavery and segregation and the path to equality Various 20th century writers Toni Morrison Ernest Gaines Harryatte Mullen August Wilson address the African Americans quest for

identity presented by some as a journey southwards away from the place of birth or an unsatisfactory life and in search of self knowledge in the land of their forefathers These journeys provide materials for different genres and tones enabling readers to examine the aspirations and fears of a community whose contribution to the history and literature of America has stimulated continuous study The two parts of the book are connected by the underlying discussion of essential conflicts that have occupied travellers traversing imperial spaces or experiencing foreign lands as well as travellers who instead of exotic adventures or romantic sojourns want to settle in a new country be accepted by a nation their ancestors did not know or exercise rights they were denied on their native soil

Post/Imperial Encounters Juan E. Tazón Salces, Isabel Carrera Suárez, 2021-11-22 Spanish and English are two of the most widely spoken languages in today's world and are linked by a colonial presence in the Americas that has often provoked turbulent relations between Britain and Spain Despite abundant exchanges between Spain and the British Isles and evident contact in the Americas cross cultural analyses are infrequent and ironically language barriers still prevail in a world the media and globalization would appear to render borderless English and Hispanic Studies have seldom converged the islands of the Caribbean continue to be separated by language while the new empire the United States has difficulty in admitting to its Hispanic component let alone recognizing that the name America encompasses a wider continent Post Imperial Encounters Anglo Hispanic Cultural Relations attempts to bridge this gap through articles on literature history and culture that concentrate primarily on three periods the colonial interventions of Britain and Spain in the Americas the Spanish Civil War and the present world with its global culture and new forms of colonialism
