The Dynamic Power of Our Sacraments Clément Dillenschneider, 1966 Understanding the Sacraments of Initiation Randy Stice, 2017-04-03 Guiding readers through the rites of Baptism Confirmation and Eucharist *Understanding the Sacraments of Initiation* explores the way in which the sacraments of Initiation affect and influence one's daily Christian life

The fall. Redemption. Grace. The church and the sacraments. The last things Joseph Wilhelm, Thomas Bartholomew Scannell, 1898 **Pastoral Diagnosis** Nancy J. Ramsay, Pastoral Diagnosis is the first book length analysis of pastoral assessment of parishioners presenting problems to be published in the last two decades This pioneering book retrieves the theological and ethical foundations of the Judeo Christian tradition for pastoral care opens up lines of communication between pastoral theology and the other theological disciplines and helps clergy and other pastoral care and counseling professionals move beyond the current preoccupation with secular psychotherapy and the other social sciences A General Doctrine of the Sacraments and the Mystery of the Eucharist Johann Auer, 1995 In *A General Doctrine of the Sacraments* Johann Auer aims to achieve a deeper understanding of the inner structure of the sacraments and of how they determine the structure of our Christian existence In *The Mystery of the Eucharist* Auer takes account of the biblical historical and theological aspects of the Church's teaching on the Eucharist Common Places in Christian Theology Mark C. Mattes, 2023-03-21 *Common Places in Christian Theology* invites readers to discover the rich and complex world of Christian theology Sponsored by the journal *Lutheran Quarterly* and written by some of the finest contemporary Lutheran theologians this collection of essays helps Christian teachers understand and explain the grammar and inner logic of faith Exploring everything from scriptural authority to salvation and justification and the last things these writers provide a unique and compelling introduction to Lutheran theology As you receive the essentials of each topic you will also consider contemporary concerns whether in theology or from the natural sciences social sciences political theories or hermeneutics Whether you are a seasoned preacher looking to sharpen your understanding of faith or a curious Christian seeking to better articulate your relationship with God *Common Places in Christian Theology* will challenge and inspire you to think through your faith and share it with others A Manual of Catholic Theology Matthias Joseph Scheeben, 1901 *The Sacraments* Francis Joseph Hall, 1921 *Dogmatic Theology: The sacraments* Francis Joseph Hall, 1921 **Touched by Christ: The Sacramental Economy** Lawrence Feingold, 2021-05-07 The sacramental economy was instituted by Christ and entrusted to His Church in order to build up the Body of Christ in a twofold communion binding the members together with God and one another *Touched by Christ The Sacramental Economy* is an introductory course on Sacramental Theology suitable for all who seek a deeper understanding of how the Church's sacraments constitute channels of grace nurture supernatural life and heal us from our sins Lawrence Feingold expertly describes the nature of the sacraments their purpose fittingness and relationship with Christ and the New Covenant their relationship with the Old Covenant rites that prefigured them the character and

grace that they communicate and the nature of their causality Touched by Christ shows that the sacraments of the New Covenant should be understood as instruments of Christ's humanity that are used as words of power to communicate the sanctification that they signify infuse grace communicate the Holy Spirit and build up ecclesial communion in those who receive them with the right dispositions

The Eucharist in the West Edward J. Kilmartin, 2015-09-22 In the light of its own history the Catholic theology of the Eucharist as it is generally understood today is revealed as a splinter tradition whose deficiencies call for fundamental reformulation The valid aspects of that theology for example the recovery of the role of the Holy Spirit in the new Roman Eucharistic Prayers must be identified and integrated with the faith and practice of the first theological millennium when the *lex orandi* was not so dominated by the *lex credendi* In the third theological millennium more attention to the content and structure of the classical Eucharistic Prayers of both East and West will result in a Catholic systematic theology of eucharistic sacrifice that is not only truer to its biblical and patristic foundations but also of ecumenical import closer to some of the theological insights of the Protestant Reformers These highlights of The Eucharist in the West illustrate the great value of this posthumous work Conceptually complete but in only rough draft form at the time of Father Kilmartin's death it has been edited and prepared for publication by Robert J. Daly S.J. Chapter one describes the characteristics of the eucharistic theology of the Western Latin Fathers Chapter two identifies the more important orientations and developments of the Catholic tradition from early medieval Scholasticism up to the first part of the twelfth century Chapter three singles out the special contribution of early Scholasticism to Latin eucharistic theology Chapter four functions as a bridge from early Scholasticism to high Scholasticism by outlining the general approach to a synthetic theology of the Eucharist which was obtained at the beginning of the thirteenth century Chapter five treats eucharistic theology from high Scholasticism to the Council of Trent Chapter six summarizes the dogmatic teaching of the Council of Trent This is followed in Chapter seven by a treatment of salient features of post Tridentine Eucharistic theology Chapter eight includes an analysis of the practice and theology of Mass stipends Chapter nine includes a detailed analysis of Aquinas's theology of the eucharistic sacrifice Chapter ten offers an account of some recent contributions to the formulation of a theology of the eucharistic sacrifice which have contributed to the modern average Roman Catholic synthesis Robert J. Daly S.J. is a professor of theology at Boston College and former editor of Theological Studies Edward J. Kilmartin S.J. 1923-1994 professor for liturgical theology at the Pontifical Oriental Institute in Rome taught theology first at the Weston Jesuit School of Theology and later at Boston College He served as director of the doctoral program in liturgical studies at the University of Notre Dame

The American Ecclesiastical Review Herman Joseph Heuser, 1961 Christ and the Altar Fire: Sacrifice as Deification in Matthias Scheeben David Augustine, 2025-01-01 For renowned nineteenth century German dogmatic theologian Matthias Scheeben the divinely instituted liturgical cult of the Old Testament is replete with soteriological import figuratively signifying not only Christ's saving work and the sacramental worship of the New Testament but also the

transformation and elevation of the rational creature by divine grace Scheeben's distinctive use of sacrificial concepts is rooted in his underlying view of sacrifice as primarily perfective directed to the glorification of God and constituted by the conversion of the offering into a pleasing and acceptable aroma via ritual burning with God-given fire. In *Christ and the Altar Fire* David Augustine offers an in-depth study of Scheeben's soteriology of sacrifice providing a comprehensive analysis of his theology of sacrifice as well as a detailed examination of his sacrificial construal of Christ's person, his saving work and its application to others. At the heart of this account is Scheeben's understanding of Christ's sacrifice as encompassing his entire paschal mystery: passion, death, resurrection and ascension itself a passage of glorification that serves as the site and source of deifying and laetific nuptial union. As he shows, Scheeben employs the altar fire typology to establish a unity of cross and glory that fully maintains the atoning and meritorious significance of Christ's saving death. Displaying careful attentiveness to Scheeben's historical context and to the contours of his substantial corpus, Augustine also brings Scheeben's biblically inflected dogmatic theology into dialogue with contemporary biblical and theological scholarship, showcasing the enduring relevance of his thought.
