Modern Psychology and the Validity of Christian Experience Cyril Henry Valentine,1929 Christian Spiritual Formation in the Church and Classroom Susanne Johnson,1989 In this thought provoking new volume Susanne Johnson counters what she sees as wrong thinking in much contemporary Christian education by offering forceful ideas about spiritual formation and faith development First she shows the flabbiness of much recent talk of spiritual formation in the church She demonstrates the importance of learning about and achieving Christian formation instead Second she shows how the present theories of stages in faith development must be replaced by a perceptive understanding of the way persons actually learn and believe Third she replaces the popular focus on individual psychology with one that emphasizes the corporate nature of the church and the grace of God This volume brings innovative ideas into the practical arena where they can be applied by Christian educators in local churches Christian Spiritual Formation in the Church and Classroom challenges the way the entire discipline is currently approached **Contact** ,2001 A Dynamic Psychology of Religion
