Artful AI in Writing Instruction Brett Vogelsinger, 2025-05-14 Discover strategies to use AI thoughtfully in every stage of the writing process without compromising creativity or critical thinking. Feeling conflicted about integrating artificial intelligence (AI) into your writing instruction? You're not alone. In a world where AI-generated text can seem like a writing teacher's enemy, incorporating it into writing instruction may feel like an act of betrayal. The advent of generative AI might feel like one more thing eroding students' capacity for deep thinking. *Artful AI in Writing Instruction* offers strategies and lessons for middle and high school teachers to harness AI in a positive way, integrating it into the writing process and evaluating the ethics of its usage. Written by a full-time high school teacher, Brett Vogelsinger, the book focuses on evergreen principles and ideas rather than specific AI tools, providing concrete steps and lessons that teachers can implement without being technology experts. Acknowledging the varying perspectives of teachers on AI in writing instruction, from skepticism to enthusiasm, Brett offers a human-centered, considered, and ethical approach to using generative AI in the classroom. Demonstrating how AI can be used artfully in the classroom to enhance students' writing skills and foster reflection on the writing process, this book provides standards-aligned lessons that detail how AI can support instruction and assist students at each step of the writing process, from prewriting through publishing. Emphasizes how to use AI tools to mine authentic human ideas and enhance creativity in the classroom. Aims to help teachers build a healthy relationship with AI technology and use it thoughtfully in their writing instruction. Includes chapter features such as quotes from esteemed writers, real teacher and student voices, cautionary notes, and Bot Thoughts entries of example AI output. *Artful AI in Writing Instruction* is a book that explores technology with humility, critiquing its drawbacks and harnessing its strengths in an effort to guide teachers on how

to use AI to help students grow their thinking and their skills rather than bypassing that development *AI Literacy in K-16 Classrooms* Davy Tsz Kit Ng, Jac Ka Lok Leung, Maggie Jiahong Su, Iris Heung Yue Yim, Maggie Shen Qiao, Samuel Kai Wah Chu, 2022-12-07 Artificial Intelligence is at the top of the agenda for education leaders scientists technologists and policy makers in educating the next generation across the globe Beyond applying AI in daily life applications and educational tools understanding how to learn and teach AI is increasingly important Despite these emerging technology breakthroughs AI learning is still new to educators especially to K 16 teachers There is a lack of evidence based studies that inform them about AI learning including design principles for building a set of curriculum content and pedagogical approaches as well as technological tools Teaching AI concepts and techniques from programming languages and developmentally appropriate learning tools e g robotics serious games software intelligent agents across different education levels emerged in recent years The primary purpose of this book is to respond to the need to conceptualize the emerging term AI literacy and investigate how to teach and learn AI in K 16 education settings This book examines different aspects of learning artefacts pedagogies content knowledge and assessment methods of AI literacy education from theoretical discussions to practical recommendations for curriculum and instructional design An exhaustive summary of current evidence with examples is illustrated in this book as well as cutting edge research that serves as an AI literacy model for different countries contexts Part I Conceptualizing AI literacy provides a detailed discussion on the development of the concepts and frameworks on AI literacy education discusses the differences and similarities between AI in education AIED and AI literacy education and illustrates the reasons why K 16 students need to learn AI These concepts are brought together in Part II K 16 AI literacy education to further summarize the pedagogies learning content learning tools and assessment methods to inform K 16 educators how to design their AI instruction at each education level After that part III AI literacy for instructional designers explores how instructional designers i e AI developers and teachers prepare themselves to become ready to design developmentally appropriate tools platforms services and curricula to empower students with AI literacy skills
