**Focus on LinkedIn** Richard G. Lowe Jr., 2016-11-21. Dramatically increase the amount of clients, income, and career potential. Discover the secrets of writing better, more powerful LinkedIn profiles that will attract more connections, job offers, higher-paying clients, and leads for your business. Are you worried you aren't advancing fast enough in your career? Concerned that you might be leaving money on the table? Are you stuck in a boring, unrewarding job? Or would you prefer job opportunities and business leads that come to YOU, offering to employ YOU or pay YOU money by learning to write your own LinkedIn profile that attracts the correct people directly to your inbox? I have been where you are today. I worked in unsatisfying jobs for employers that didn't care and wouldn't reward good and competent service. I remained in positions for years, sending out thousands of resumes, hoping that someone would recognize my value. What pulled me through was lots of study, specialized training, and practice. More importantly, I believed in myself and the value I could provide to employers and customers for my products and services. At first, I was happy to find a new client, now and then, to make some extra money. Later, I discovered how to promote myself effectively, and those customers started coming to me. Instead of wasting time day after day fruitlessly searching, they sent me emails asking, demanding my services, products, and employment. Here is what you'll learn inside.

**Focus on LinkedIn**. Understand the unique importance of LinkedIn. You have found one of the best ways to get employers and clients to come to you. Best of all, they'll be pre-qualified leads for the most part, which means they are ready to hire or buy your products and services. Increase your qualified leads by targeting your LinkedIn to the right audience. Decrease the time you spend fruitlessly searching for anyone who will buy your products or services, or offer you a position in their company. Explode the size of your professional network by spending as little as a few hours optimizing your professional brand on LinkedIn. Define your Personal Brand and deliver an effective message which effectively grows a Professional Network which looks to you for answers. Increase your business or job offers several times the current level. Increase your earnings while

reducing the time you spend with unqualified leads and employers Taking the Time to Create an Optimized Profile Works Spending the time to Optimize your Profile really works Originally my profile was boring and not well targeted Because of this I didn't get any value from LinkedIn That all changed after I spent the time to go through each section adding editing and removing until I had a great profile Within a week I received an email out of the blue for a ghostwriting project Richard I'm looking for a ghost writer with some business and or IT background Your profile stood out to me He was pre sold on my services and we quickly signed a contract and not a small one to write his new book Over the following year by putting the concepts in this book to work I received dozens of similar queries and over 50% of them resulted in signed contracts for paying jobs Optimizing your LinkedIn Profile really works Buy this Book Now to Understand How to Use LinkedIn Don't waste another day begging for clients being unhappy in your career or not gaining any real leads Scroll up and hit Buy now
