Duet For Edsa Chronology Of A Revolution:

Duet for EDSA.: Chronology of a revolution 1986 Lorna Kalaw-Tirol, 1995 Detailed chronology of events and personal experiences during the popular revolution in the Philippines Feb 22 25 1986 centered on mass gatherings of the people along EDSA Epifanio de los Santos Avenue Manila

Duet for EDSA.: Chronology of a revolution 1986, 1995 **Closer Than Brothers** Alfred W. McCoy, 2002-01-01 **State of the nation: Philippines** Temario C. Rivera, 1996 Southeast Asia State of the Nation Monograph Series This study seeks to evaluate the most significant events in the country during the last two decades in order to understand better the structures and forces underpinning the process of change and continuity in three interlinked historical periods the struggle against the authoritarian rule of Marcos the Aquino presidency and the first three years of the Ramos administration The monograph also seeks to identify the important trends and developments that help shape events and conjunctures in the future

Torture and Impunity Alfred W. McCoy, 2012-08-24 Many Americans have condemned the enhanced interrogation techniques used in the War on Terror as a transgression of human rights But the United States has done almost nothing to prosecute past abuses or prevent future violations Tracing this knotty contradiction from the 1950s to the present historian Alfred W McCoy probes the political and cultural dynamics that have made impunity for torture a bipartisan policy of the U S government During the Cold War McCoy argues the U S Central Intelligence Agency covertly funded psychological experiments designed to weaken a subject's resistance to interrogation After the 9 11 terrorist attacks the CIA revived these harsh methods while U S media was flooded with seductive images that normalized torture for many Americans Ten years later the U S had failed to punish the perpetrators or the powerful who commanded them and continued to exploit intelligence extracted under torture by surrogates from Somalia to Afghanistan Although Washington has publicly distanced itself from torture disturbing images from the prisons at Abu Ghraib and Guantanamo are seared into human memory doing lasting damage to America's moral authority as a world leader

A Catalogue of Award-winning Titles, 2008 **Defect Or Defend** Terence Lee, 2015 Why do certain militaries brutally suppress popular demonstrations while others support the path to political liberalization by backing mass social movements Although social movements and media can help destabilize authoritarian governments not all social protest is effective or culminates in the toppling of dictatorships Frequently the military's response determines the outcome In Defect or Defend Terence Lee uses four case studies from Asia to provide insight into the military's role during the transitional phase of regime change Lee compares popular uprisings in the Philippines and Indonesia both of which successfully engaged military support to bring down authoritarian rule with protest movements in China and Burma which were violently suppressed by military forces Lee's theory of high personalism and power sharing among the armed forces leadership provides a framework for understanding the critical transitory phases of democratization He uses this theory to review and assess Eastern Europe's democratization events in 1989 the Colored Revolutions of the early 2000s and the protests and revolutions unfolding in the Middle East This

book will appeal to students and scholars of comparative politics Asian studies security studies and international relations as well as defense policymakers **Filipinas Magazine** ,1996 *Philippine Studies Newsletter* ,1990 *Becoming Local Church* James H.
